

MSDS-MATERIAL SAFETY DATA SHEET

Your trusted companion for a healthy life.

Product : Virgin Coconut Oil

1. PRODUCT COMPOSITION INFORMATION

Material Name & Synonym(S)	Virgin Coconut Oil
Product Use	Food product: used in-food applications, confectionary products. Food compatible product: used in technical applications.
Biological Source	Sri Lankan Coconut (Cocos nucifera)
CAS#	8001-31-8, 100% from Coconuts
Composition Comments	This product does not belong to any list of substances supposedly hazardous to human or animal health according to EU Regulation 1272/2008 & any further amendments, nor to those having recognized exposition limits. Care should be taken when handling hot oil as it may constitute a burn hazard. Spills can constitute a slippage hazard.

2. COMPANY INFORMATION

Name & Address	Celebration Holdings Private Limited 130/20 A, Fantasy Garden, Kahanthota Road, Malabe, 10115, Sri Lanka.
Emergency Contact	+94 011 24 12 521 / 0094 71980 3381
Contact Person	Suresh Jayasinghe – Director

3. HAZARDS IDENTIFICATION

Emergency Overview	Non-Hazardous Substance
Potential Health Effects	No any identified health effect by using acceptable quantities.
Routes of Entry	
Eyes	Yes
Skin	No
Inhalation	No
Ingestion	Yes

4. FIRST AID MEASURES

Eyes	Flush with plenty of water or eye wash solution for 15 minutes. Get medical attention if irritation persists.
Skin	Wash with soap and flush with plenty of water. No instruction as this is a non-toxic product

MSDS-MATERIAL SAFETY DATA SHEET

Inhalation	If symptomatic, move to fresh air. Get medical attention if symptoms persist. Not expected for this particular product, however always best avoiding proactive inhalation.
Ingestion	Contact physician if discomfort is encountered. Or if allergic reaction as occurred. No instruction as this is a non-toxic product
5. FIRE FIGHTING MEASURES	
Flash Point	295 0C
Flammable Properties	Oil content in the product, this product may only form ignitable mixtures or burn above the flash point. Dangerous combustion products include smoke & oxides of carbon.
Extinguishing Media	Form. Dry chemical powder. Carbon dioxide (CO2).
Special Fire Fighting Procedures	Standard. Wear self-contained breathing apparatus in confined spaces.
Hazardous Decomposition Materials	CO, CO2
6. ACCIDENTAL RELEASE MEASURES	
Personal Precautions	None Required
Environmental Precautions	None Required
Method for Cleaning Up	Absorb on to an inert, absorbent substrate and sweep up. Wash area with soap & water.
7. HANDLING & STORAGE	
Handling	Handle in accordance with good hygiene and safety practice. Keep containers sealed when not in use. Prevent spills & leaks to avoid slip hazard. Always wear personal protective clothing (refer to section 8). Do not eat, drink, sniff or smoke whilst handling this product. Provide suitable mechanical equipment for the safe handling of drums & heavy packages.
Storage	Keep the product container tightly closed, in a dry, ventilated area (at temperatures <20°C). Keep away from potential sources of ignition and protected from light. Maintain limited contact with oxygen.
8. EXPOSURE CONTROL/PERSONAL PROTECTION	
Introductory Remarks	These recommendations provide general guidance for handling this product. Because specific work environments and material handling practices vary, safety procedures should be developed for each intended application. While developing safe handling procedures, don't overlook the need to clean equipment and piping systems for maintenance and repairs. Waste resulting from these procedures should be handled in accordance to the section entitled Disposal Considerations.

MSDS-MATERIAL SAFETY DATA SHEET

Exposures Guidelines	Engineering controls are usually not necessary if good hygiene practices are strictly followed. Respiratory protection is generally not required during normal operations. Wear the following to prevent skin contact: work pants, long sleeve work shirt, and work gloves. Where there is the danger of eye contact, wear splash proof goggles.
----------------------	--

Threshold Limit Value	There are no specific Threshold Planning Quantities for the components of this product.
-----------------------	---

9. PHYSICAL & CHEMICAL PROPERTIES

Physical State	Clear liquid above 26 0C & Solid Butter under 260C
Color	Clear, colourless
Odor	Fresh Coconut Aroma
Melting Point	26 0C
Flash Point	295 0C
Water Solubility	Insoluble

10. STABILITY & REACTIVITY

Stability	Material is stable under normal conditions.
Condition to Avoid	Excessive heat
Materials to Avoid	Strong oxidizing agents.
Hazardous Decomposition	This product does not decompose under normal conditions. Under fire conditions the product will produce a mixture of irritating fumes & smoke.
Hazardous Polymerization	Will not occur

11. TOXIOLOGICAL INFORMATION

Acute Toxicity	A non-toxic product. For pharmaceutical & cosmetic use only. This product does not carry a microbiological specification as it is sterilized in the refining process. It does not contain any impurities. This product is not included in the list of substances prohibited in cosmetic products or subject to restrictions. It does not contain colorants, preservatives or UV filters (Annex II – VI of EU regulation 1223/2009).
Skin Irritation	In compliance with generally accepted uses & quantities are no negative impacts to be expected.
Eye damage or irritation	In compliance with generally accepted uses & quantities are no negative impacts to be expected.

MSDS-MATERIAL SAFETY DATA SHEET

Respiratory or skin sensitivity	In compliance with generally accepted uses & quantities are no negative impacts to be expected.
Germ cell mutagenicity	There is no any expected negative impact.
Carcinogenicity	There is no any expected negative impact.
Reproductive toxicity	There is no any expected negative impact.
STOT – single exposure	N/A
STOT – repeated exposure	N/A
Aspiration hazard	N/A
Other information	N/A

12. ECOLOGICAL INFORMATION

Toxicity	Low - None
Persistence & degradability	>90% (OECD)
Mobility in soil	Low - None
Bio- accumulative potential	None
Results of PBT & VPVB assessment	Not Available
Other adverse effects	None

13. DISPOSAL CONSIDERATIONS

Waste treatment methods	Always recover spilled product. Discard waste material with authorized waste management services. Act in accordance with local & national waste regulations.
-------------------------	--

14. TRANSPORT INFORMATION

DOT	Not regulated as dangerous goods
IATA	Not regulated as dangerous goods
IMDG	Not regulated as dangerous goods
TDG	Not regulated as dangerous goods

15. REGULATORY INFORMATION

United States TSCA	Yes, all ingredients are in the inventory
--------------------	---

16. ADDITIONAL INFORMATION

MSDS-MATERIAL SAFETY DATA SHEET

This information is provided for documentation purpose only. This product is not considered hazardous. The complete range of conditions or methods of use are beyond our control. Therefore, we do not assume any responsibility and expressly disclaim any liability for any use of this product. Information contained herein is believed to be true and accurate however; all statements or suggestions are made without warranty, expressed or implied, regarding accuracy of the information, the hazards connected with the use of the material or the results to be obtained from the use thereof. Compliance with all applicable federal, state, and local laws and local regulations remains the responsibility of the user. The safety sheet cannot cover all possible situations which the user may experience during processing. Each aspect of your operation should be examined to determine if, or where, additional precautions may be necessary. All health and safety information contained in this bulletin should be provided to your employees or customers.

9. PHYSICAL & CHEMICAL PROPERTIES

Physical State	Liquid above 24 0C & Solid Butter under 24 0C
Color	White to off white
Odor	Fresh Coconut Aroma
Melting Point	93.3 0C
Flash Point	Not determined
Water Solubility	Soluable

10. STABILITY & REACTIVITY

Stability	Material is stable under normal conditions.
Condition to Avoid	Excessive heat
Materials to Avoid	Strong oxidizing agents.
Hazardous Decomposition	This product does not decompose under normal conditions. Under fire conditions the product will produce a mixture of irritating fumes & smoke.
Hazardous Polymerization	Will not occur

11. TOXIOLOGICAL INFORMATION

Acute Toxicity	A non-toxic product. For pharmaceutical & cosmetic use only. This product does not carry a microbiological specification as it is sterilized in the refining process. It does not contain any impurities. This product is not included in the list of substances prohibited in cosmetic products or subject to restrictions. It does not contain colorants, preservatives or UV filters (Annex II – VI of EU regulation 1223/2009).
Skin Irritation	In compliance with generally accepted uses & quantities are no negative impacts to be expected.
Eye damage or irritation	In compliance with generally accepted uses & quantities are no negative impacts to be expected.

MSDS-MATERIAL SAFETY DATA SHEET

Respiratory or skin sensitivity	In compliance with generally accepted uses & quantities are no negative impacts to be expected.
Germ cell mutagenicity	There is no any expected negative impact.
Carcinogenicity	There is no any expected negative impact.
Reproductive toxicity	There is no any expected negative impact.
STOT – single exposure	N/A
STOT – repeated exposure	N/A
Aspiration hazard	N/A
Other information	N/A

12. ECOLOGICAL INFORMATION

Toxicity	Low - None
Persistence & degradability	>90% (OECD)
Mobility in soil	Low - None
Bio- accumulative potential	None
Results of PBT & VPVB assessment	Not Available
Other adverse effects	None

13. DISPOSAL CONSIDERATIONS

Waste treatment methods	Always recover spilled product. Discard waste material with authorized waste management services. Act in accordance with local & national waste regulations.
-------------------------	--

14. TRANSPORT INFORMATION

DOT	Not regulated as dangerous goods
IATA	Not regulated as dangerous goods
IMDG	Not regulated as dangerous goods
TDG	Not regulated as dangerous goods

15. REGULATORY INFORMATION

United States TSCA	Yes, all ingredients are in the inventory
--------------------	---

16. ADDITIONAL INFORMATION

MSDS-MATERIAL SAFETY DATA SHEET

This information is provided for documentation purpose only. This product is not considered hazardous. The complete range of conditions or methods of use are beyond our control. Therefore, we do not assume any responsibility and expressly disclaim any liability for any use of this product. Information contained herein is believed to be true and accurate however; all statements or suggestions are made without warranty, expressed or implied, regarding accuracy of the information, the hazards connected with the use of the material or the results to be obtained from the use thereof. Compliance with all applicable federal, state, and local laws and local regulations remains the responsibility of the user. The safety sheet cannot cover all possible situations which the user may experience during processing. Each aspect of your operation should be examined to determine if, or where, additional precautions may be necessary. All health and safety information contained in this bulletin should be provided to your employees or customers.

MSDS-MATERIAL SAFETY DATA SHEET

Your trusted companion for a healthy life.

Product : Coconut Flour

1. PRODUCT COMPOSITION INFORMATION

Material Name & Synonym(S)	Coconut Flour
Product Use	Food product: used in-food applications, confectionary products and beverages.
Biological Source	Sri Lankan Coconut (Cocos nucifera)
CAS#	8001-31-8, 100% from Coconuts
Composition Comments	This product does not belong to any list of substances supposedly hazardous to human or animal health according to EU Regulation 1272/2008 & any further amendments, nor to those having recognized exposition limits. Care should be taken when handling hot oil as it may constitute a burn hazard. Spills can constitute a slippage hazard.

2. COMPANY INFORMATION

Name & Address	Celebration Holdings Private Limited 130/20 A, Fantasy Garden, Kahanthota Road, Malabe, 10115, Sri Lanka.
Emergency Contact	+94 011 24 12 521 / 0094 71980 3381
Contact Person	Suresh Jayasinghe – Director

3. HAZARDS IDENTIFICATION

Emergency Overview	Non-Hazardous Substance
Potential Health Effects	No any identified health effect by using acceptable quantities.
Routes of Entry	
Eyes	Yes
Skin	No
Inhalation	No
Ingestion	Yes

4. FIRST AID MEASURES

Eyes	Flush with plenty of water or eye wash solution for 15 minutes. Get medical attention if irritation persists.
Skin	Wash with soap and flush with plenty of water. No instruction as this is a non-toxic product

MSDS-MATERIAL SAFETY DATA SHEET

Inhalation	If symptomatic, move to fresh air. Get medical attention if symptoms persist. Not expected for this particular product, however always best avoiding proactive inhalation.
Ingestion	Contact physician if discomfort is encountered. Or if allergic reaction as occurred. No instruction as this is a non-toxic product
5. FIRE FIGHTING MEASURES	
Flash Point	Not determined
Flammable Properties	Dry particles in the product, this product may only form ignitable mixtures or burn above the flash point. Dangerous combustion products include smoke & oxides of carbon.
Extinguishing Media	Form. Dry chemical powder. Carbon dioxide (CO ₂).
Special Fire Fighting Procedures	Standard. Wear self-contained breathing apparatus in confined spaces.
Hazardous Decomposition Materials	CO, CO ₂
6. ACCIDENTAL RELEASE MEASURES	
Personal Precautions	None Required
Environmental Precautions	None Required
Method for Cleaning Up	Avoid generating and accumulating dust. Collect in appropriate container for disposal.
7. HANDLING & STORAGE	
Handling	Handle in accordance with good hygiene and safety practice. Keep containers sealed when not in use. Prevent spills & leaks to avoid slip hazard. Always wear personal protective clothing (refer to section 8). Do not eat, drink, sniff or smoke whilst handling this product. Provide suitable mechanical equipment for the safe handling of drums & heavy packages.
Storage	Keep the product container tightly closed, in a dry, ventilated area (at temperatures <20°C). Keep away from potential sources of ignition and protected from light. Maintain limited contact with oxygen.
8. EXPOSURE CONTROL/PERSONAL PROTECTION	
Introductory Remarks	These recommendations provide general guidance for handling this product. Because specific work environments and material handling practices vary, safety procedures should be developed for each intended application. While developing safe handling procedures, don't overlook the need to clean equipment and piping systems for maintenance and repairs. Waste resulting from these procedures should be handled in accordance to the section entitled Disposal Considerations.

MSDS-MATERIAL SAFETY DATA SHEET

Exposures Guidelines	Engineering controls are usually not necessary if good hygiene practices are strictly followed. Respiratory protection is generally not required during normal operations. Wear the following to prevent skin contact: work pants, long sleeve work shirt, and work gloves. Where there is the danger of eye contact, wear splash proof goggles.
----------------------	--

Threshold Limit Value	There are no specific Threshold Planning Quantities for the components of this product.
-----------------------	---

9. PHYSICAL & CHEMICAL PROPERTIES

Physical State	Powder
Color	White to off white
Odor	Fresh Coconut Aroma
Melting Point	Not determined
Flash Point	Not determined
Water Solubility	Soluble

10. STABILITY & REACTIVITY

Stability	Material is stable under normal conditions.
Condition to Avoid	Excessive heat
Materials to Avoid	Strong oxidizing agents.
Hazardous Decomposition	This product does not decompose under normal conditions. Under fire conditions the product will produce a mixture of irritating fumes & smoke.
Hazardous Polymerization	Will not occur

Care should be taken when handling hot oil as it may constitute a burn hazard. Spills can constitute a slippage hazard.

2. COMPANY INFORMATION

Name & Address	Celebration Holdings Private Limited 130/20 A, Fantasy Garden, Kahanthota Road, Malabe, 10115, Sri Lanka.
Emergency Contact	+94 011 24 12 521 / 0094 71980 3381
Contact Person	Suresh Jayasinghe – Director

3. HAZARDS IDENTIFICATION

Emergency Overview	Non-Hazardous Substance
Potential Health Effects	No any identified health effect by using acceptable quantities.
Routes of Entry	
Eyes	Yes
Skin	No
Inhalation	No
Ingestion	Yes

4. FIRST AID MEASURES

Eyes	Flush with plenty of water or eye wash solution for 15 minutes. Get medical attention if irritation persists.
Skin	Wash with soap and flush with plenty of water. No instruction as this is a non-toxic product

MSDS-MATERIAL SAFETY DATA SHEET

Inhalation	If symptomatic, move to fresh air. Get medical attention if symptoms persist. Not expected for this particular product, however always best avoiding proactive inhalation.
Ingestion	Contact physician if discomfort is encountered. Or if allergic reaction as occurred. No instruction as this is a non-toxic product
5. FIRE FIGHTING MEASURES	
Flash Point	Not determined
Flammable Properties	Dry particles in the product, this product may only form ignitable mixtures or burn above the flash point. Dangerous combustion products include smoke & oxides of carbon.
Extinguishing Media	Form. Dry chemical powder. Carbon dioxide (CO ₂).
Special Fire Fighting Procedures	Standard. Wear self-contained breathing apparatus in confined spaces.
Hazardous Decomposition Materials	CO, CO ₂
6. ACCIDENTAL RELEASE MEASURES	
Personal Precautions	None Required
Environmental Precautions	None Required
Method for Cleaning Up	Contain spillage and sweep into a suitable container and dispose of as non hazardous waste.
7. HANDLING & STORAGE	
Handling	Handle in accordance with good hygiene and safety practice. Keep containers sealed when not in use. Prevent spills & leaks to avoid slip hazard. Always wear personal protective clothing (refer to section 8). Do not eat, drink, sniff or smoke whilst handling this product. Provide suitable mechanical equipment for the safe handling of drums & heavy packages.
Storage	Keep the product container tightly closed, in a dry, ventilated area (at temperatures <20°C). Keep away from potential sources of ignition and protected from light. Maintain limited contact with oxygen.
8. EXPOSURE CONTROL/PERSONAL PROTECTION	
Introductory Remarks	These recommendations provide general guidance for handling this product. Because specific work environments and material handling practices vary, safety procedures should be developed for each intended application. While developing safe handling procedures, don't overlook the need to clean equipment and piping systems for maintenance and repairs. Waste resulting from these procedures should be handled in accordance to the section entitled Disposal Considerations.

MSDS-MATERIAL SAFETY DATA SHEET

Exposures Guidelines	Engineering controls are usually not necessary if good hygiene practices are strictly followed. Respiratory protection is generally not required during normal operations. Wear the following to prevent skin contact: work pants, long sleeve work shirt, and work gloves. Where there is the danger of eye contact, wear splash proof goggles.
----------------------	--

Threshold Limit Value	There are no specific Threshold Planning Quantities for the components of this product.
-----------------------	---

9. PHYSICAL & CHEMICAL PROPERTIES

Physical State	Solid
Color	Ivory to pale yellow
Odor	Characteristic coconut
Melting Point	Not determined
Flash Point	Not determined
Water Solubility	Insoluble

10. STABILITY & REACTIVITY

Stability	Material is stable under normal conditions.
Condition to Avoid	Excessive heat
Materials to Avoid	Strong oxidizing agents.
Hazardous Decomposition	This product does not decompose under normal conditions. Under fire conditions the product will produce a mixture of irritating fumes & smoke.
Hazardous Polymerization	Will not occur

11. TOXIOLOGICAL INFORMATION

Acute Toxicity	A non-toxic product. For pharmaceutical & cosmetic use only. This product does not carry a microbiological specification as it is sterilized in the refining process. It does not contain any impurities. This product is not included in the list of substances prohibited in cosmetic products or subject to restrictions. It does not contain colorants, preservatives or UV filters (Annex II – VI of EU regulation 1223/2009).
Skin Irritation	In compliance with generally accepted uses & quantities are no negative impacts to be expected.
Eye damage or irritation	In compliance with generally accepted uses & quantities are no negative impacts to be expected.

MSDS-MATERIAL SAFETY DATA SHEET

Respiratory or skin sensitivity	In compliance with generally accepted uses & quantities are no negative impacts to be expected.
Germ cell mutagenicity	There is no any expected negative impact.
Carcinogenicity	There is no any expected negative impact.
Reproductive toxicity	There is no any expected negative impact.
STOT – single exposure	N/A
STOT – repeated exposure	N/A
Aspiration hazard	N/A
Other information	N/A

12. ECOLOGICAL INFORMATION

Toxicity	Low - None
Persistence & degradability	>90% (OECD)
Mobility in soil	Low - None
Bio- accumulative potential	None
Results of PBT & VPVB assessment	Not Available
Other adverse effects	None

13. DISPOSAL CONSIDERATIONS

Waste treatment methods	Always recover spilled product. Discard waste material with authorized waste management services. Act in accordance with local & national waste regulations.
-------------------------	--

14. TRANSPORT INFORMATION

DOT	Not regulated as dangerous goods
IATA	Not regulated as dangerous goods
IMDG	Not regulated as dangerous goods
TDG	Not regulated as dangerous goods

15. REGULATORY INFORMATION

United States TSCA	Yes, all ingredients are in the inventory
--------------------	---

16. ADDITIONAL INFORMATION

MSDS-MATERIAL SAFETY DATA SHEET

This information is provided for documentation purpose only. This product is not considered hazardous. The complete range of conditions or methods of use are beyond our control. Therefore, we do not assume any responsibility and expressly disclaim any liability for any use of this product. Information contained herein is believed to be true and accurate however; all statements or suggestions are made without warranty, expressed or implied, regarding accuracy of the information, the hazards connected with the use of the material or the results to be obtained from the use thereof. Compliance with all applicable federal, state, and local laws and local regulations remains the responsibility of the user. The safety sheet cannot cover all possible situations which the user may experience during processing. Each aspect of your operation should be examined to determine if, or where, additional precautions may be necessary. All health and safety information contained in this bulletin should be provided to your employees or customers.

Reproductive toxicity	There is no any expected negative impact.
STOT – single exposure	N/A
STOT – repeated exposure	N/A
Aspiration hazard	N/A
Other information	N/A

12. ECOLOGICAL INFORMATION

Toxicity	Low - None
Persistence & degradability	>90% (OECD)
Mobility in soil	Low - None
Bio- accumulative potential	None
Results of PBT & VPVB assessment	Not Available
Other adverse effects	None

13. DISPOSAL CONSIDERATIONS

Waste treatment methods	Always recover spilled product. Discard waste material with authorized waste management services. Act in accordance with local & national waste regulations.
-------------------------	--

14. TRANSPORT INFORMATION

DOT	Not regulated as dangerous goods
IATA	Not regulated as dangerous goods
IMDG	Not regulated as dangerous goods
TDG	Not regulated as dangerous goods

15. REGULATORY INFORMATION

United States TSCA	Yes, all ingredients are in the inventory
--------------------	---

16. ADDITIONAL INFORMATION

MSDS-MATERIAL SAFETY DATA SHEET

This information is provided for documentation purpose only. This product is not considered hazardous. The complete range of conditions or methods of use are beyond our control. Therefore, we do not assume any responsibility and expressly disclaim any liability for any use of this product. Information contained herein is believed to be true and accurate however; all statements or suggestions are made without warranty, expressed or implied, regarding accuracy of the information, the hazards connected with the use of the material or the results to be obtained from the use thereof. Compliance with all applicable federal, state, and local laws and local regulations remains the responsibility of the user. The safety sheet cannot cover all possible situations which the user may experience during processing. Each aspect of your operation should be examined to determine if, or where, additional precautions may be necessary. All health and safety information contained in this bulletin should be provided to your employees or customers.

MSDS-MATERIAL SAFETY DATA SHEET

Your trusted companion for a healthy life.

Product : Coconut Syrup

1. PRODUCT COMPOSITION INFORMATION

Material Name & Synonym(S)	Coconut Syrup
Product Use	Food product: used in-food applications, confectionary products and beverages.
Biological Source	Sri Lankan Coconut (Cocos nucifera)
CAS#	Not available, 100% from Coconuts
Composition Comments	This product does not belong to any list of substances supposedly hazardous to human or animal health according to EU Regulation 1272/2008 & any further amendments, nor to those having recognized exposition limits. Care should be taken when handling hot oil as it may constitute a burn hazard. Spills can constitute a slippage hazard.

2. COMPANY INFORMATION

Name & Address	Celebration Holdings Private Limited 130/20 A, Fantasy Garden, Kahanthota Road, Malabe, 10115, Sri Lanka.
Emergency Contact	+94 011 24 12 521 / 0094 71980 3381
Contact Person	Suresh Jayasinghe – Director

3. HAZARDS IDENTIFICATION

Emergency Overview	Non-Hazardous Substance
Potential Health Effects	No any identified health effect by using acceptable quantities.
Routes of Entry	
Eyes	Yes
Skin	No
Inhalation	No
Ingestion	Yes

4. FIRST AID MEASURES

Eyes	Flush with plenty of water or eye wash solution for 15 minutes. Get medical attention if irritation persists.
Skin	Wash with soap and flush with plenty of water. No instruction as this is a non-toxic product

MSDS-MATERIAL SAFETY DATA SHEET

Inhalation	If symptomatic, move to fresh air. Get medical attention if symptoms persist. Not expected for this particular product, however always best avoiding proactive inhalation.
Ingestion	Contact physician if discomfort is encountered. Or if allergic reaction as occurred. No instruction as this is a non-toxic product
5. FIRE FIGHTING MEASURES	
Flash Point	Not determined
Flammable Properties	Oil content in the product, this product may only form ignitable mixtures or burn above the flash point. Dangerous combustion products include smoke & oxides of carbon.
Extinguishing Media	Form. Dry chemical powder. Carbon dioxide (CO ₂).
Special Fire Fighting Procedures	Standard. Wear self-contained breathing apparatus in confined spaces.
Hazardous Decomposition Materials	CO, CO ₂
6. ACCIDENTAL RELEASE MEASURES	
Personal Precautions	None Required
Environmental Precautions	None Required
Method for Cleaning Up	Absorb on to an inert, absorbent substrate and sweep up. Wash area with soap & water.
7. HANDLING & STORAGE	
Handling	Handle in accordance with good hygiene and safety practice. Keep containers sealed when not in use. Prevent spills & leaks to avoid slip hazard. Always wear personal protective clothing (refer to section 8). Do not eat, drink, sniff or smoke whilst handling this product. Provide suitable mechanical equipment for the safe handling of drums & heavy packages.
Storage	Keep the product container tightly closed, in a dry, ventilated area (at temperatures <20°C). Keep away from potential sources of ignition and protected from light. Maintain limited contact with oxygen.
8. EXPOSURE CONTROL/PERSONAL PROTECTION	
Introductory Remarks	These recommendations provide general guidance for handling this product. Because specific work environments and material handling practices vary, safety procedures should be developed for each intended application. While developing safe handling procedures, don't overlook the need to clean equipment and piping systems for maintenance and repairs. Waste resulting from these procedures should be handled in accordance to the section entitled Disposal Considerations.

MSDS-MATERIAL SAFETY DATA SHEET

Exposures Guidelines	Engineering controls are usually not necessary if good hygiene practices are strictly followed. Respiratory protection is generally not required during normal operations. Wear the following to prevent skin contact: work pants, long sleeve work shirt, and work gloves. Where there is the danger of eye contact, wear splash proof goggles.
----------------------	--

Threshold Limit Value	There are no specific Threshold Planning Quantities for the components of this product.
-----------------------	---

9. PHYSICAL & CHEMICAL PROPERTIES

Physical State	Liquid
Color	Amber to dark amber
Odor	Characteristic coconut
Melting Point	0 0C
Flash Point	Not determined
Water Solubility	Soluable

10. STABILITY & REACTIVITY

Stability	Material is stable under normal conditions.
Condition to Avoid	Excessive heat
Materials to Avoid	Strong oxidizing agents.
Hazardous Decomposition	This product does not decompose under normal conditions. Under fire conditions the product will produce a mixture of irritating fumes & smoke.
Hazardous Polymerization	Will not occur

11. TOXIOLOGICAL INFORMATION

Acute Toxicity	A non-toxic product. For pharmaceutical & cosmetic use only. This product does not carry a microbiological specification as it is sterilized in the refining process. It does not contain any impurities. This product is not included in the list of substances prohibited in cosmetic products or subject to restrictions. It does not contain colorants, preservatives or UV filters (Annex II – VI of EU regulation 1223/2009).
Skin Irritation	In compliance with generally accepted uses & quantities are no negative impacts to be expected.
Eye damage or irritation	In compliance with generally accepted uses & quantities are no negative impacts to be expected.

MSDS-MATERIAL SAFETY DATA SHEET

Respiratory or skin sensitivity	In compliance with generally accepted uses & quantities are no negative impacts to be expected.
Germ cell mutagenicity	There is no any expected negative impact.
Carcinogenicity	There is no any expected negative impact.
Reproductive toxicity	There is no any expected negative impact.
STOT – single exposure	N/A
STOT – repeated exposure	N/A
Aspiration hazard	N/A
Other information	N/A

12. ECOLOGICAL INFORMATION

Toxicity	Low - None
Persistence & degradability	>90% (OECD)
Mobility in soil	Low - None
Bio- accumulative potential	None
Results of PBT & VPVB assessment	Not Available
Other adverse effects	None

13. DISPOSAL CONSIDERATIONS

Waste treatment methods	Always recover spilled product. Discard waste material with authorized waste management services. Act in accordance with local & national waste regulations.
-------------------------	--

14. TRANSPORT INFORMATION

DOT	Not regulated as dangerous goods
IATA	Not regulated as dangerous goods
IMDG	Not regulated as dangerous goods
TDG	Not regulated as dangerous goods

15. REGULATORY INFORMATION

United States TSCA	Yes, all ingredients are in the inventory

Hazardous Decomposition Materials	CO, CO2
6. ACCIDENTAL RELEASE MEASURES	
Personal Precautions	None Required
Environmental Precautions	None Required
Method for Cleaning Up	Absorb on to an inert, absorbent substrate and sweep up. Wash area with soap & water.
7. HANDLING & STORAGE	
Handling	Handle in accordance with good hygiene and safety practice. Keep containers sealed when not in use. Prevent spills & leaks to avoid slip hazard. Always wear personal protective clothing (refer to section 8). Do not eat, drink, sniff or smoke whilst handling this product. Provide suitable mechanical equipment for the safe handling of drums & heavy packages.
Storage	Keep the product container tightly closed, in a dry, ventilated area (at temperatures <20°C). Keep away from potential sources of ignition and protected from light. Maintain limited contact with oxygen.
8. EXPOSURE CONTROL/PERSONAL PROTECTION	
Introductory Remarks	These recommendations provide general guidance for handling this product. Because specific work environments and material handling practices vary, safety procedures should be developed for each intended application. While developing safe handling procedures, don't overlook the need to clean equipment and piping systems for maintenance and repairs. Waste resulting from these procedures should be handled in accordance to the section entitled Disposal Considerations.

MSDS-MATERIAL SAFETY DATA SHEET

Exposures Guidelines	Engineering controls are usually not necessary if good hygiene practices are strictly followed. Respiratory protection is generally not required during normal operations. Wear the following to prevent skin contact: work pants, long sleeve work shirt, and work gloves. Where there is the danger of eye contact, wear splash proof goggles.
----------------------	--

Threshold Limit Value	There are no specific Threshold Planning Quantities for the components of this product.
-----------------------	---

9. PHYSICAL & CHEMICAL PROPERTIES

Physical State	Liquid
Color	Pale yellow
Odor	Characteristic sesame
Melting Point	-5 0C
Flash Point	255 0C
Water Solubility	Insoluble

10. STABILITY & REACTIVITY

Stability	Material is stable under normal conditions.
Condition to Avoid	Excessive heat
Materials to Avoid	Strong oxidizing agents.
Hazardous Decomposition	This product does not decompose under normal conditions. Under fire conditions the product will produce a mixture of irritating fumes & smoke.
Hazardous Polymerization	Will not occur

11. TOXIOLOGICAL INFORMATION

Acute Toxicity	A non-toxic product. For pharmaceutical & cosmetic use only. This product does not carry a microbiological specification as it is sterilized in the refining process. It does not contain any impurities. This product is not included in the list of substances prohibited in cosmetic products or subject to restrictions. It does not contain colorants, preservatives or UV filters (Annex II – VI of EU regulation 1223/2009).
Skin Irritation	In compliance with generally accepted uses & quantities are no negative impacts to be expected.
Eye damage or irritation	In compliance with generally accepted uses & quantities are no negative impacts to be expected.

MSDS-MATERIAL SAFETY DATA SHEET

Respiratory or skin sensitivity	In compliance with generally accepted uses & quantities are no negative impacts to be expected.
Germ cell mutagenicity	There is no any expected negative impact.
Carcinogenicity	There is no any expected negative impact.
Reproductive toxicity	There is no any expected negative impact.
STOT – single exposure	N/A
STOT – repeated exposure	N/A
Aspiration hazard	N/A
Other information	N/A

12. ECOLOGICAL INFORMATION

Toxicity	Low - None
Persistence & degradability	>90% (OECD)
Mobility in soil	Low - None
Bio- accumulative potential	None
Results of PBT & VPVB assessment	Not Available
Other adverse effects	None

13. DISPOSAL CONSIDERATIONS

Waste treatment methods	Always recover spilled product. Discard waste material with authorized waste management services. Act in accordance with local & national waste regulations.
-------------------------	--

14. TRANSPORT INFORMATION

DOT	Not regulated as dangerous goods
IATA	Not regulated as dangerous goods
IMDG	Not regulated as dangerous goods
TDG	Not regulated as dangerous goods

15. REGULATORY INFORMATION

United States TSCA	Yes, all ingredients are in the inventory
--------------------	---

16. ADDITIONAL INFORMATION

MSDS-MATERIAL SAFETY DATA SHEET

This information is provided for documentation purpose only. This product is not considered hazardous. The complete range of conditions or methods of use are beyond our control. Therefore, we do not assume any responsibility and expressly disclaim any liability for any use of this product. Information contained herein is believed to be true and accurate however; all statements or suggestions are made without warranty, expressed or implied, regarding accuracy of the information, the hazards connected with the use of the material or the results to be obtained from the use thereof. Compliance with all applicable federal, state, and local laws and local regulations remains the responsibility of the user. The safety sheet cannot cover all possible situations which the user may experience during processing. Each aspect of your operation should be examined to determine if, or where, additional precautions may be necessary. All health and safety information contained in this bulletin should be provided to your employees or customers.

MSDS-MATERIAL SAFETY DATA SHEET

Your trusted companion for a healthy life.

Product : Black seeds Sesame Oil

1. PRODUCT COMPOSITION INFORMATION

Material Name & Synonym(S)	Black seeds Sesame Oil
Product Use	Food product: used in-food applications, confectionary products. Food compatible product: used in technical applications.
Biological Source	Sri Lankan Sesame (Sesamum indicum)
CAS#	8008-74-0
Composition Comments	This product does not belong to any list of substances supposedly hazardous to human or animal health according to EU Regulation 1272/2008 & any further amendments, nor to those having recognized exposition limits. Care should be taken when handling hot oil as it may constitute a burn hazard. Spills can constitute a slippage hazard.

2. COMPANY INFORMATION

Name & Address	Celebration Holdings Private Limited 130/20 A, Fantasy Garden, Kahanthota Road, Malabe, 10115, Sri Lanka.
Emergency Contact	+94 011 24 12 521 / 0094 71980 3381
Contact Person	Suresh Jayasinghe - Director

3. HAZARDS IDENTIFICATION

Emergency Overview	Non-Hazardous Substance
Potential Health Effects	No any identified health effect by using acceptable quantities.
Routes of Entry	
Eyes	Yes
Skin	No
Inhalation	No
Ingestion	Yes

4. FIRST AID MEASURES

Eyes	Flush with plenty of water or eye wash solution for 15 minutes. Get medical attention if irritation persists.
Skin	Wash with soap and flush with plenty of water. No instruction as this is a non-toxic product

MSDS-MATERIAL SAFETY DATA SHEET

Inhalation	If symptomatic, move to fresh air. Get medical attention if symptoms persist. Not expected for this particular product, however always best avoiding proactive inhalation.
Ingestion	Contact physician if discomfort is encountered. Or if allergic reaction as occurred. No instruction as this is a non-toxic product
5. FIRE FIGHTING MEASURES	
Flash Point	315 0C
Flammable Properties	Oil content in the product, this product may only form ignitable mixtures or burn above the flash point. Dangerous combustion products include smoke & oxides of carbon.
Extinguishing Media	Form. Dry chemical powder. Carbon dioxide (CO2).
Special Fire Fighting Procedures	Standard. Wear self-contained breathing apparatus in confined spaces.
Hazardous Decomposition Materials	CO, CO2
6. ACCIDENTAL RELEASE MEASURES	
Personal Precautions	None Required
Environmental Precautions	None Required
Method for Cleaning Up	Absorb on to an inert, absorbent substrate and sweep up. Wash area with soap & water.
7. HANDLING & STORAGE	
Handling	Handle in accordance with good hygiene and safety practice. Keep containers sealed when not in use. Prevent spills & leaks to avoid slip hazard. MSDS-MATERIAL SAFETY DATA SHEET

Your trusted companion for a healthy life.

Product : Cinnamon

1. PRODUCT COMPOSITION INFORMATION

Material Name & Synonym(S)	Cinnamon
Product Use	Food product: used in-food applications, confectionary products.
Biological Source	Sri Lankan Cinnamon (Cinnamomum verum)
CAS#	8015-91-6
Composition Comments	This product does not belong to any list of substances supposedly hazardous to human or animal health according to EU Regulation 1272/2008 & any further amendments, nor to those having recognized exposition limits. Care should be taken when handling hot oil as it may constitute a burn hazard. Spills can constitute a slippage hazard.

2. COMPANY INFORMATION

Name & Address	Celebration Holdings Private Limited 130/20 A, Fantasy Garden, Kahanthota Road, Malabe, 10115, Sri Lanka.
Emergency Contact	+94 011 24 12 521 / 0094 71980 3381
Contact Person	Suresh Jayasinghe - Director

3. HAZARDS IDENTIFICATION

Emergency Overview	Non-Hazardous Substance
Potential Health Effects	No any identified health effect by using acceptable quantities.
Routes of Entry	
Eyes	No
Skin	No
Inhalation	No
Ingestion	Yes

4. FIRST AID MEASURES

Eyes	Flush with plenty of water or eye wash solution for 15 minutes. Get medical attention if irritation persists.
Skin	Wash with soap and flush with plenty of water. No instruction as this is a non-toxic product

MSDS-MATERIAL SAFETY DATA SHEET

Inhalation	If symptomatic, move to fresh air. Get medical attention if symptoms persist. Not expected for this particular product, however always best avoiding proactive inhalation.
Ingestion	Contact physician if discomfort is encountered. Or if allergic reaction as occurred. No instruction as this is a non-toxic product
5. FIRE FIGHTING MEASURES	
Flash Point	Not determined
Flammable Properties	Dry particles in the product, this product may only form ignitable mixtures or burn above the flash point. Dangerous combustion products include smoke & oxides of carbon.
Extinguishing Media	Form. Dry chemical powder. Carbon dioxide (CO ₂).
Special Fire Fighting Procedures	Standard. Wear self-contained breathing apparatus in confined spaces.
Hazardous Decomposition Materials	CO, CO ₂
6. ACCIDENTAL RELEASE MEASURES	
Personal Precautions	None Required
Environmental Precautions	None Required
Method for Cleaning Up	Contain spillage and sweep into a suitable container and dispose of as non hazardous waste.
7. HANDLING & STORAGE	
Handling	Handle in accordance with good hygiene and safety practice. Keep containers sealed when not in use. Prevent spills & leaks to avoid slip hazard. Always wear personal protective clothing (refer to section 8). Do not eat, drink, sniff or smoke whilst handling this product. Provide suitable mechanical equipment for the safe handling of drums & heavy packages.
Storage	Keep the product container tightly closed, in a dry, ventilated area (at temperatures <20°C). Keep away from potential sources of ignition and protected from light. Maintain limited contact with oxygen.
8. EXPOSURE CONTROL/PERSONAL PROTECTION	
Introductory Remarks	These recommendations provide general guidance for handling this product. Because specific work environments and material handling practices vary, safety procedures should be developed for each intended application. While developing safe handling procedures, don't overlook the need to clean equipment and piping systems for maintenance and repairs. Waste resulting from these procedures should be handled in accordance to the section entitled Disposal Considerations.

MSDS-MATERIAL SAFETY DATA SHEET

Exposures Guidelines	Engineering controls are usually not necessary if good hygiene practices are strictly followed. Respiratory protection is generally not required during normal operations. Wear the following to prevent skin contact: work pants, long sleeve work shirt, and work gloves. Where there is the danger of eye contact, wear splash proof goggles.
----------------------	--

Threshold Limit Value	There are no specific Threshold Planning Quantities for the components of this product.
-----------------------	---

9. PHYSICAL & CHEMICAL PROPERTIES

Physical State	Solid
Color	Brown
Odor	Characteristic cinnamon
Melting Point	Not determined
Flash Point	Not determined
Water Solubility	Insoluble

10. STABILITY & REACTIVITY

Stability	Material is stable under normal conditions.
Condition to Avoid	Keep away from heat sources, open flames & sunlight
Materials to Avoid	Strong oxidizing agents.
Hazardous Decomposition	This product does not decompose under normal conditions. Under fire conditions the product will produce a mixture of irritating fumes & smoke.
Hazardous Polymerization	Will not occur

11. TOXIOLOGICAL INFORMATION

Acute Toxicity	A non-toxic product. For pharmaceutical & cosmetic use only. This product does not carry a microbiological specification as it is sterilized in the refining process. It does not contain any impurities. This product is not included in the list of substances prohibited in cosmetic products or subject to restrictions. It does not contain colorants, preservatives or UV filters (Annex II – VI of EU regulation 1223/2009).
Skin Irritation	In compliance with generally accepted uses & quantities are no negative impacts to be expected.
Eye damage or irritation	In compliance with generally accepted uses & quantities are no negative impacts to be expected.

MSDS-MATERIAL SAFETY DATA SHEET

Respiratory or skin sensitivity	In compliance with generally accepted uses & quantities are no negative impacts to be expected.
Germ cell mutagenicity	There is no any expected negative impact.
Carcinogenicity	There is no any expected negative impact.
Reproductive toxicity	There is no any expected negative impact.
STOT – single exposure	N/A
STOT – repeated exposure	N/A
Aspiration hazard	N/A
Other information	N/A

12. ECOLOGICAL INFORMATION

Toxicity	Low - None
Persistence & degradability	>90% (OECD)
Mobility in soil	Low - None
Bio- accumulative potential	None
Results of PBT & VPVB assessment	Not Available
Other adverse effects	None

13. DISPOSAL CONSIDERATIONS

Waste treatment methods	Always recover spilled product. Discard waste material with authorized waste management services. Act in accordance with local & national waste regulations.
-------------------------	--

14. TRANSPORT INFORMATION

DOT	Not regulated as dangerous goods
IATA	Not regulated as dangerous goods
IMDG	Not regulated as dangerous goods
TDG	Not regulated as dangerous goods

15. REGULATORY INFORMATION

United States TSCA	Yes, all ingredients are in the inventory
--------------------	---

16. ADDITIONAL INFORMATION

MSDS-MATERIAL SAFETY DATA SHEET

This information is provided for documentation purpose only. This product is not considered hazardous. The complete range of conditions or methods of use are beyond our control. MSDS-MATERIAL SAFETY DATA SHEET

Exposures Guidelines	Engineering controls are usually not necessary if good hygiene practices are strictly followed. Respiratory protection is generally not required during normal operations. Wear the following to prevent skin contact: work pants, long sleeve work shirt, and work gloves. Where there is the danger of eye contact, wear splash proof goggles.
----------------------	--

Threshold Limit Value	There are no specific Threshold Planning Quantities for the components of this product.
-----------------------	---

9. PHYSICAL & CHEMICAL PROPERTIES

Physical State	Solid
Color	Toast brown
Odor	Characteristic clove
Melting Point	Not determined
Flash Point	Not determined
Water Solubility	Insoluble

10. STABILITY & REACTIVITY

Stability	Material is stable under normal conditions.
Condition to Avoid	Keep away from heat sources, open flames & sunlight
Materials to Avoid	Strong oxidizing agents.
Hazardous Decomposition	This product does not decompose under normal conditions. Under fire conditions the product will produce a mixture of irritating fumes & smoke.
Hazardous Polymerization	Will not occur

11. TOXIOLOGICAL INFORMATION

Acute Toxicity	A non-toxic product. For pharmaceutical & cosmetic use only. This product does not carry a microbiological specification as it is sterilized in the refining process. It does not contain any impurities. This product is not included in the list of substances prohibited in cosmetic products or subject to restrictions. It does not contain colorants, preservatives or UV filters (Annex II – VI of EU regulation 1223/2009).
Skin Irritation	In compliance with generally accepted uses & quantities are no negative impacts to be expected.
Eye damage or irritation	In compliance with generally accepted uses & quantities are no negative impacts to be expected.

MSDS-MATERIAL SAFETY DATA SHEET

Respiratory or skin sensitivity	In compliance with generally accepted uses & quantities are no negative impacts to be expected.
Germ cell mutagenicity	There is no any expected negative impact.
Carcinogenicity	There is no any expected negative impact.
Reproductive toxicity	There is no any expected negative impact.
STOT – single exposure	N/A
STOT – repeated exposure	N/A
Aspiration hazard	N/A
Other information	N/A

12. ECOLOGICAL INFORMATION

Toxicity	Low - None
Persistence & degradability	>90% (OECD)
Mobility in soil	Low - None
Bio- accumulative potential	None
Results of PBT & VPVB assessment	Not Available
Other adverse effects	None

13. DISPOSAL CONSIDERATIONS

Waste treatment methods	Always recover spilled product. Discard waste material with authorized waste management services. Act in accordance with local & national waste regulations.
-------------------------	--

14. TRANSPORT INFORMATION

DOT	Not regulated as dangerous goods
IATA	Not regulated as dangerous goods
IMDG	Not regulated as dangerous goods
TDG	Not regulated as dangerous goods

15. REGULATORY INFORMATION

United States TSCA	Yes, all ingredients are in the inventory
--------------------	---

16. ADDITIONAL INFORMATION

MSDS-MATERIAL SAFETY DATA SHEET

This information is provided for documentation purpose only. This product is not considered hazardous. The complete range of conditions or methods of use are beyond our control. Therefore, we do not assume any responsibility and expressly disclaim any liability for any use of this product. Information contained herein is believed to be true and accurate however; all statements or suggestions are made without warranty, expressed or implied, regarding accuracy of the information, the hazards connected with the use of the material or the results to be obtained from the use thereof. Compliance with all applicable federal, state, and local laws and local regulations remains the responsibility of the user. The safety sheet cannot cover all possible situations which the user may experience during processing. Each aspect of your operation should be examined to determine if, or where, additional precautions may be necessary. All health and safety information contained in this bulletin should be provided to your employees or customers.

MSDS-MATERIAL SAFETY DATA SHEET

Your trusted companion for a healthy life.

Product : Clove Powder

1. PRODUCT COMPOSITION INFORMATION

Material Name & Synonym(S)	Clove Powder
Product Use	Food product: used in-food applications, confectionary products.
Biological Source	Sri Lankan Clove (Syzygium aromaticum)
CAS#	84961-50-2
Composition Comments	This product does not belong to any list of substances supposedly hazardous to human or animal health according to EU Regulation 1272/2008 & any further amendments, nor to those having recognized exposition limits. Care should be taken when handling hot oil as it may constitute a burn hazard. Spills can constitute a slippage hazard.

2. COMPANY INFORMATION

Name & Address	Celebration Holdings Private Limited 130/20 A, Fantasy Garden, Kahanthota Road, Malabe, 10115, Sri Lanka.
Emergency Contact	+94 011 24 12 521 / 0094 71980 3381
Contact Person	Suresh Jayasinghe - Director

3. HAZARDS IDENTIFICATION

Emergency Overview	Non-Hazardous Substance
Potential Health Effects	No any identified health effect by using acceptable quantities.
Routes of Entry	
Eyes	Yes
Skin	No
Inhalation	Yes
Ingestion	Yes

4. FIRST AID MEASURES

Eyes	Flush with plenty of water or eye wash solution for 15 minutes. Get medical attention if irritation persists.
Skin	Wash with soap and flush with plenty of water. No instruction as this is a non-toxic product

MSDS-MATERIAL SAFETY DATA SHEET

Inhalation	If symptomatic, move to fresh air. Get medical attention if symptoms persist. Not expected for this particular product, however always best avoiding proactive inhalation.
Ingestion	Contact physician if discomfort is encountered. Or if allergic reaction as occurred. No instruction as this is a non-toxic product
5. FIRE FIGHTING MEASURES	
Flash Point	Not determined
Flammable Properties	Dry particles in the product, this product may only form ignitable mixtures or burn above the flash point. Dangerous combustion products include smoke & oxides of carbon.
Extinguishing Media	Form. Dry chemical powder. Carbon dioxide (CO ₂).
Special Fire Fighting Procedures	Standard. Wear self-contained breathing apparatus in confined spaces.
Hazardous Decomposition Materials	CO, CO ₂
6. ACCIDENTAL RELEASE MEASURES	
Personal Precautions	None Required
Environmental Precautions	None Required
Method for Cleaning Up	Avoid generating and accumulating dust. Collect in appropriate container for disposal.
7. HANDLING & STORAGE	
Handling	Handle in accordance with good hygiene and safety practice. Keep containers sealed when not in use. Prevent spills & leaks to avoid slip hazard. Always wear personal protective clothing (refer to section 8). Do not eat, drink, sniff or smoke whilst handling this product. Provide suitable mechanical equipment for the safe handling of drums & heavy packages.
Storage	Keep the product container tightly closed, in a dry, ventilated area (at temperatures <20°C). Keep away from potential sources of ignition and protected from light. Maintain limited contact with oxygen.
8. EXPOSURE CONTROL/PERSONAL PROTECTION	
Introductory Remarks	These recommendations provide general guidance for handling this product. Because specific work environments and material handling practices vary, safety procedures should be developed for each intended application. While developing safe handling procedures, don't overlook the need to clean equipment and piping systems for maintenance and repairs. Waste resulting from these procedures should be handled in accordance to the section entitled Disposal Considerations.

CAS#	8007-12-3
Composition Comments	This product does not belong to any list of substances supposedly hazardous to human or animal health according to EU Regulation 1272/2008 & any further amendments, nor to those having recognized exposition limits. Care should be taken when handling hot oil as it may constitute a burn hazard. Spills can constitute a slippage hazard.

2. COMPANY INFORMATION

Name & Address	Celebration Holdings Private Limited 130/20 A, Fantasy Garden, Kahanthota Road, Malabe, 10115, Sri Lanka.
Emergency Contact	+94 011 24 12 521 / 0094 71980 3381
Contact Person	Suresh Jayasinghe – Director

3. HAZARDS IDENTIFICATION

Emergency Overview	Non-Hazardous Substance
Potential Health Effects	No any identified health effect by using acceptable quantities.
Routes of Entry	
Eyes	No
Skin	No
Inhalation	No
Ingestion	Yes

4. FIRST AID MEASURES

Eyes	Flush with plenty of water or eye wash solution for 15 minutes. Get medical attention if irritation persists.
Skin	Wash with soap and flush with plenty of water. No instruction as this is a non-toxic product

MSDS-MATERIAL SAFETY DATA SHEET

Inhalation	If symptomatic, move to fresh air. Get medical attention if symptoms persist. Not expected for this particular product, however always best avoiding proactive inhalation.
Ingestion	Contact physician if discomfort is encountered. Or if allergic reaction as occurred. No instruction as this is a non-toxic product
5. FIRE FIGHTING MEASURES	
Flash Point	Not determined
Flammable Properties	Dry particles in the product, this product may only form ignitable mixtures or burn above the flash point. Dangerous combustion products include smoke & oxides of carbon.
Extinguishing Media	Form. Dry chemical powder. Carbon dioxide (CO ₂).
Special Fire Fighting Procedures	Standard. Wear self-contained breathing apparatus in confined spaces.
Hazardous Decomposition Materials	CO, CO ₂
6. ACCIDENTAL RELEASE MEASURES	
Personal Precautions	None Required
Environmental Precautions	None Required
Method for Cleaning Up	Contain spillage and sweep into a suitable container and dispose of as non hazardous waste.
7. HANDLING & STORAGE	
Handling	Handle in accordance with good hygiene and safety practice. Keep containers sealed when not in use. Prevent spills & leaks to avoid slip hazard. Always wear personal protective clothing (refer to section 8). Do not eat, drink, sniff or smoke whilst handling this product. Provide suitable mechanical equipment for the safe handling of drums & heavy packages.
Storage	Keep the product container tightly closed, in a dry, ventilated area (at temperatures <20°C). Keep away from potential sources of ignition and protected from light. Maintain limited contact with oxygen.
8. EXPOSURE CONTROL/PERSONAL PROTECTION	
Introductory Remarks	These recommendations provide general guidance for handling this product. Because specific work environments and material handling practices vary, safety procedures should be developed for each intended application. While developing safe handling procedures, don't overlook the need to clean equipment and piping systems for maintenance and repairs. Waste resulting from these procedures should be handled in accordance to the section entitled Disposal Considerations.

MSDS-MATERIAL SAFETY DATA SHEET

Exposures Guidelines	Engineering controls are usually not necessary if good hygiene practices are strictly followed. Respiratory protection is generally not required during normal operations. Wear the following to prevent skin contact: work pants, long sleeve work shirt, and work gloves. Where there is the danger of eye contact, wear splash proof goggles.
----------------------	--

Threshold Limit Value	There are no specific Threshold Planning Quantities for the components of this product.
-----------------------	---

9. PHYSICAL & CHEMICAL PROPERTIES

Physical State	Solid
Color	Red, orange, pale yellow
Odor	Characteristic mace
Melting Point	Not determined
Flash Point	Not determined
Water Solubility	Insoluble

10. STABILITY & REACTIVITY

Stability	Material is stable under normal conditions.
Condition to Avoid	Keep away from heat sources, open flames & sunlight
Materials to Avoid	Strong oxidizing agents.
Hazardous Decomposition	This product does not decompose under normal conditions. Under fire conditions the product will produce a mixture of irritating fumes & smoke.
Hazardous Polymerization	Will not occur

11. TOXIOLOGICAL INFORMATION

Acute Toxicity	A non-toxic product. For pharmaceutical & cosmetic use only. This product does not carry a microbiological specification as it is sterilized in the refining process. It does not contain any impurities. This product is not included in the list of substances prohibited in cosmetic products or subject to restrictions. It does not contain colorants, preservatives or UV filters (Annex II – VI of EU regulation 1223/2009).
Skin Irritation	In compliance with generally accepted uses & quantities are no negative impacts to be expected.
Eye damage or irritation	In compliance with generally accepted uses & quantities are no negative impacts to be expected.

MSDS-MATERIAL SAFETY DATA SHEET

Respiratory or skin sensitivity	In compliance with generally accepted uses & quantities are no negative impacts to be expected.
Germ cell mutagenicity	There is no any expected negative impact.
Carcinogenicity	There is no any expected negative impact.
Reproductive toxicity	There is no any expected negative impact.
STOT – single exposure	N/A
STOT – repeated exposure	N/A
Aspiration hazard	N/A
Other information	N/A

12. ECOLOGICAL INFORMATION

Toxicity	Low - None
Persistence & degradability	>90% (OECD)
Mobility in soil	Low - None
Bio- accumulative potential	None
Results of PBT & VPVB assessment	Not Available
Other adverse effects	None

13. DISPOSAL CONSIDERATIONS

Waste treatment methods	Always recover spilled product. Discard waste material with authorized waste management services. Act in accordance with local & national waste regulations.
-------------------------	--

14. TRANSPORT INFORMATION

DOT	Not regulated as dangerous goods
IATA	Not regulated as dangerous goods
IMDG	Not regulated as dangerous goods
TDG	Not regulated as dangerous goods

15. REGULATORY INFORMATION

United States TSCA	Yes, all ingredients are in the inventory
--------------------	---

16. ADDITIONAL INFORMATION

MSDS-MATERIAL SAFETY DATA SHEET

This information is provided for documentation purpose only. This product is not considered hazardous. The complete range of conditions or methods of use are beyond our control. Therefore, we do not assume any responsibility and expressly disclaim any liability for any use of this product. Information contained herein is believed to be true and accurate however; all statements or suggestions are made without warranty, expressed or implied, regarding accuracy of the information, the hazards connected with the use of the material or the results to be obtained from the use thereof. Compliance with all applicable federal, state, and local laws and local regulations remains the responsibility of the user. The safety sheet cannot cover all possible situations which the user may experience during processing. Each aspect of your operation should be examined to determine if, or where, additional precautions may be necessary. All health and safety information contained in this bulletin should be provided to your employees or customers.

Eye damage or irritation	In compliance with generally accepted uses & quantities are no negative impacts to be expected.

MSDS-MATERIAL SAFETY DATA SHEET

Respiratory or skin sensitivity	In compliance with generally accepted uses & quantities are no negative impacts to be expected.
Germ cell mutagenicity	There is no any expected negative impact.
Carcinogenicity	There is no any expected negative impact.
Reproductive toxicity	There is no any expected negative impact.
STOT – single exposure	N/A
STOT – repeated exposure	N/A
Aspiration hazard	N/A
Other information	N/A

12. ECOLOGICAL INFORMATION

Toxicity	Low - None
Persistence & degradability	>90% (OECD)
Mobility in soil	Low - None
Bio- accumulative potential	None
Results of PBT & VPVB assessment	Not Available
Other adverse effects	None

13. DISPOSAL CONSIDERATIONS

Waste treatment methods	Always recover spilled product. Discard waste material with authorized waste management services. Act in accordance with local & national waste regulations.
-------------------------	--

14. TRANSPORT INFORMATION

DOT	Not regulated as dangerous goods
IATA	Not regulated as dangerous goods
IMDG	Not regulated as dangerous goods
TDG	Not regulated as dangerous goods

15. REGULATORY INFORMATION

United States TSCA	Yes, all ingredients are in the inventory
--------------------	---

16. ADDITIONAL INFORMATION

MSDS-MATERIAL SAFETY DATA SHEET

This information is provided for documentation purpose only. This product is not considered hazardous. The complete range of conditions or methods of use are beyond our control. Therefore, we do not assume any responsibility and expressly disclaim any liability for any use of this product. Information contained herein is believed to be true and accurate however; all statements or suggestions are made without warranty, expressed or implied, regarding accuracy of the information, the hazards connected with the use of the material or the results to be obtained from the use thereof. Compliance with all applicable federal, state, and local laws and local regulations remains the responsibility of the user. The safety sheet cannot cover all possible situations which the user may experience during processing. Each aspect of your operation should be examined to determine if, or where, additional precautions may be necessary. All health and safety information contained in this bulletin should be provided to your employees or customers.

MSDS-MATERIAL SAFETY DATA SHEET

Your trusted companion for a healthy life.

Product : Curry Leaves Powder

1. PRODUCT COMPOSITION INFORMATION

Material Name & Synonym(S)	Curry Leaves Powder
Product Use	Food product: used in-food applications, confectionary products.
Biological Source	Sri Lankan Curry Leaves (Murraya koenigii)
CAS#	Not available
Composition Comments	This product does not belong to any list of substances supposedly hazardous to human or animal health according to EU Regulation 1272/2008 & any further amendments, nor to those having recognized exposition limits. Care should be taken when handling hot oil as it may constitute a burn hazard. Spills can constitute a slippage hazard.

2. COMPANY INFORMATION

Name & Address	Celebration Holdings Private Limited 130/20 A, Fantasy Garden, Kahanthota Road, Malabe, 10115, Sri Lanka.
Emergency Contact	+94 011 24 12 521 / 0094 71980 3381
Contact Person	Suresh Jayasinghe – Director

3. HAZARDS IDENTIFICATION

Emergency Overview	Non-Hazardous Substance
Potential Health Effects	No any identified health effect by using acceptable quantities.
Routes of Entry	
Eyes	Yes
Skin	No
Inhalation	Yes
Ingestion	Yes

4. FIRST AID MEASURES

Eyes	Flush with plenty of water or eye wash solution for 15 minutes. Get medical attention if irritation persists.
Skin	Wash with soap and flush with plenty of water. No instruction as this is a non-toxic product

MSDS-MATERIAL SAFETY DATA SHEET

Inhalation	If symptomatic, move to fresh air. Get medical attention if symptoms persist. Not expected for this particular product, however always best avoiding proactive inhalation.
Ingestion	Contact physician if discomfort is encountered. Or if allergic reaction as occurred. No instruction as this is a non-toxic product
5. FIRE FIGHTING MEASURES	
Flash Point	Not determined
Flammable Properties	Dry particles in the product, this product may only form ignitable mixtures or burn above the flash point. Dangerous combustion products include smoke & oxides of carbon.
Extinguishing Media	Form. Dry chemical powder. Carbon dioxide (CO ₂).
Special Fire Fighting Procedures	Standard. Wear self-contained breathing apparatus in confined spaces.
Hazardous Decomposition Materials	CO, CO ₂
6. ACCIDENTAL RELEASE MEASURES	
Personal Precautions	None Required
Environmental Precautions	None Required
Method for Cleaning Up	Avoid generating and accumulating dust. Collect in appropriate container for disposal.
7. HANDLING & STORAGE	
Handling	Handle in accordance with good hygiene and safety practice. Keep containers sealed when not in use. Prevent spills & leaks to avoid slip hazard. Always wear personal protective clothing (refer to section 8). Do not eat, drink, sniff or smoke whilst handling this product. Provide suitable mechanical equipment for the safe handling of drums & heavy packages.
Storage	Keep the product container tightly closed, in a dry, ventilated area (at temperatures <20°C). Keep away from potential sources of ignition and protected from light. Maintain limited contact with oxygen.
8. EXPOSURE CONTROL/PERSONAL PROTECTION	
Introductory Remarks	These recommendations provide general guidance for handling this product. Because specific work environments and material handling practices vary, safety procedures should be developed for each intended application. While developing safe handling procedures, don't overlook the need to clean equipment and piping systems for maintenance and repairs. Waste resulting from these procedures should be handled in accordance to the section entitled Disposal Considerations.

MSDS-MATERIAL SAFETY DATA SHEET

Exposures Guidelines	Engineering controls are usually not necessary if good hygiene practices are strictly followed. Respiratory protection is generally not required during normal operations. Wear the following to prevent skin contact: work pants, long sleeve work shirt, and work gloves. Where there is the danger of eye contact, wear splash proof goggles.
----------------------	--

Threshold Limit Value	There are no specific Threshold Planning Quantities for the components of this product.
-----------------------	---

9. PHYSICAL & CHEMICAL PROPERTIES

Physical State	Powder
Color	Light green
Odor	Characteristic curry leaves
Melting Point	Not determined
Flash Point	Not determined
Water Solubility	Soluble

10. STABILITY & REACTIVITY

Stability	Material is stable under normal conditions.
Condition to Avoid	Keep away from heat sources, open flames & sunlight
Materials to Avoid	Strong oxidizing agents.
Hazardous Decomposition	This product does not decompose under normal conditions. Under fire conditions the product will produce a mixture of irritating fumes & smoke.
Hazardous Polymerization	Will not occur

11. TOXIOLOGICAL INFORMATION

Acute Toxicity	A non-toxic product. For pharmaceutical & cosmetic use only. This product does not carry a microbiological specification as it is sterilized in the refining process. It does not contain any impurities. This product is not included in the list of substances prohibited in cosmetic products or subject to restrictions. It does not contain colorants, preservatives or UV filters (Annex II – VI of EU regulation 1223/2009).
Skin Irritation	In compliance with generally accepted uses & quantities are no negative impacts to be expected.
Eye damage or irritation	In compliance with generally accepted uses & quantities are no negative impacts to be expected.

MSDS-MATERIAL SAFETY DATA SHEET

Respiratory or skin sensitivity	In compliance with generally accepted uses & quantities are no negative impacts to be expected.

Hazardous Decomposition Materials	CO, CO2
6. ACCIDENTAL RELEASE MEASURES	
Personal Precautions	None Required
Environmental Precautions	None Required
Method for Cleaning Up	Contain spillage and sweep into a suitable container and dispose of as non hazardous waste.
7. HANDLING & STORAGE	
Handling	Handle in accordance with good hygiene and safety practice. Keep containers sealed when not in use. Prevent spills & leaks to avoid slip hazard. Always wear personal protective clothing (refer to section 8). Do not eat, drink, sniff or smoke whilst handling this product. Provide suitable mechanical equipment for the safe handling of drums & heavy packages.
Storage	Keep the product container tightly closed, in a dry, ventilated area (at temperatures <20°C). Keep away from potential sources of ignition and protected from light. Maintain limited contact with oxygen.
8. EXPOSURE CONTROL/PERSONAL PROTECTION	
Introductory Remarks	These recommendations provide general guidance for handling this product. Because specific work environments and material handling practices vary, safety procedures should be developed for each intended application. While developing safe handling procedures, don't overlook the need to clean equipment and piping systems for maintenance and repairs. Waste resulting from these procedures should be handled in accordance to the section entitled Disposal Considerations.

MSDS-MATERIAL SAFETY DATA SHEET

Exposures Guidelines	Engineering controls are usually not necessary if good hygiene practices are strictly followed. Respiratory protection is generally not required during normal operations. Wear the following to prevent skin contact: work pants, long sleeve work shirt, and work gloves. Where there is the danger of eye contact, wear splash proof goggles.
----------------------	--

Threshold Limit Value	There are no specific Threshold Planning Quantities for the components of this product.
-----------------------	---

9. PHYSICAL & CHEMICAL PROPERTIES

Physical State	Liquid
Color	Dark brown
Odor	Characteristic vanilla
Melting Point	Not determined
Flash Point	Not determined
Water Solubility	Soluble

10. STABILITY & REACTIVITY

Stability	Material is stable under normal conditions.
Condition to Avoid	Keep away from heat sources, open flames & sunlight
Materials to Avoid	Strong oxidizing agents.
Hazardous Decomposition	This product does not decompose under normal conditions. Under fire conditions the product will produce a mixture of irritating fumes & smoke.
Hazardous Polymerization	Will not occur

11. TOXIOLOGICAL INFORMATION

Acute Toxicity	A non-toxic product. For pharmaceutical & cosmetic use only. This product does not carry a microbiological specification as it is sterilized in the refining process. It does not contain any impurities. This product is not included in the list of substances prohibited in cosmetic products or subject to restrictions. It does not contain colorants, preservatives or UV filters (Annex II – VI of EU regulation 1223/2009).
Skin Irritation	In compliance with generally accepted uses & quantities are no negative impacts to be expected.
Eye damage or irritation	In compliance with generally accepted uses & quantities are no negative impacts to be expected.

MSDS-MATERIAL SAFETY DATA SHEET

Respiratory or skin sensitivity	In compliance with generally accepted uses & quantities are no negative impacts to be expected.
Germ cell mutagenicity	There is no any expected negative impact.
Carcinogenicity	There is no any expected negative impact.
Reproductive toxicity	There is no any expected negative impact.
STOT – single exposure	N/A
STOT – repeated exposure	N/A
Aspiration hazard	N/A
Other information	N/A

12. ECOLOGICAL INFORMATION

Toxicity	Low - None
Persistence & degradability	>90% (OECD)
Mobility in soil	Low - None
Bio- accumulative potential	None
Results of PBT & VPVB assessment	Not Available
Other adverse effects	None

13. DISPOSAL CONSIDERATIONS

Waste treatment methods	Always recover spilled product. Discard waste material with authorized waste management services. Act in accordance with local & national waste regulations.
-------------------------	--

14. TRANSPORT INFORMATION

DOT	Not regulated as dangerous goods
IATA	Not regulated as dangerous goods
IMDG	Not regulated as dangerous goods
TDG	Not regulated as dangerous goods

15. REGULATORY INFORMATION

United States TSCA	Yes, all ingredients are in the inventory
--------------------	---

16. ADDITIONAL INFORMATION

MSDS-MATERIAL SAFETY DATA SHEET

This information is provided for documentation purpose only. This product is not considered hazardous. The complete range of conditions or methods of use are beyond our control. Therefore, we do not assume any responsibility and expressly disclaim any liability for any use of this product. Information contained herein is believed to be true and accurate however; all statements or suggestions are made without warranty, expressed or implied, regarding accuracy of the information, the hazards connected with the use of the material or the results to be obtained from the use thereof. Compliance with all applicable federal, state, and local laws and local regulations remains the responsibility of the user. The safety sheet cannot cover all possible situations which the user may experience during processing. Each aspect of your operation should be examined to determine if, or where, additional precautions may be necessary. All health and safety information contained in this bulletin should be provided to your employees or customers.

MSDS-MATERIAL SAFETY DATA SHEET

Your trusted companion for a healthy life.

Product : Banana Coins (Dehydrated)

1. PRODUCT COMPOSITION INFORMATION

Material Name & Synonym(S)	Banana Coins (Dehydrated)
Product Use	Food product: used in-food applications, confectionary products.
Biological Source	Sri Lankan Banana (Musa)
CAS#	Not available
Composition Comments	This product does not belong to any list of substances supposedly hazardous to human or animal health according to EU Regulation 1272/2008 & any further amendments, nor to those having recognized exposition limits. Care should be taken when handling hot oil as it may constitute a burn hazard. Spills can constitute a slippage hazard.

2. COMPANY INFORMATION

Name & Address	Celebration Holdings Private Limited 130/20 A, Fantasy Garden, Kahanthota Road, Malabe, 10115, Sri Lanka.
Emergency Contact	+94 011 24 12 521 / 0094 71980 3381
Contact Person	Suresh Jayasinghe – Director

3. HAZARDS IDENTIFICATION

Emergency Overview	Non-Hazardous Substance
Potential Health Effects	No any identified health effect by using acceptable quantities.
Routes of Entry	
Eyes	No
Skin	No
Inhalation	No
Ingestion	Yes

4. FIRST AID MEASURES

Eyes	Flush with plenty of water or eye wash solution for 15 minutes. Get medical attention if irritation persists.
Skin	Wash with soap and flush with plenty of water. No instruction as this is a non-toxic product

MSDS-MATERIAL SAFETY DATA SHEET

Inhalation	If symptomatic, move to fresh air. Get medical attention if symptoms persist. Not expected for this particular product, however always best avoiding proactive inhalation.
Ingestion	Contact physician if discomfort is encountered. Or if allergic reaction as occurred. No instruction as this is a non-toxic product
5. FIRE FIGHTING MEASURES	
Flash Point	Not determined
Flammable Properties	Dry particles in the product, this product may only form ignitable mixtures or burn above the flash point. Dangerous combustion products include smoke & oxides of carbon.
Extinguishing Media	Form. Dry chemical powder. Carbon dioxide (CO ₂).
Special Fire Fighting Procedures	Standard. Wear self-contained breathing apparatus in confined spaces.
Hazardous Decomposition Materials	CO, CO ₂
6. ACCIDENTAL RELEASE MEASURES	
Personal Precautions	None Required
Environmental Precautions	None Required
Method for Cleaning Up	Contain spillage and sweep into a suitable container and dispose of as non hazardous waste.
7. HANDLING & STORAGE	
Handling	Handle in accordance with good hygiene and safety practice. Keep containers sealed when not in use. Prevent spills & leaks to avoid slip hazard. Always wear personal protective clothing (refer to section 8). Do not eat, drink, sniff or smoke whilst handling this product. Provide suitable mechanical equipment for the safe handling of drums & heavy packages.

MSDS-MATERIAL SAFETY DATA SHEET

Your trusted companion for a healthy life.

Product : Breadfruit in Brine

1. PRODUCT COMPOSITION INFORMATION

Material Name & Synonym(S)	Breadfruit in Brine
Product Use	Food product: used in-food applications, confectionary products.
Biological Source	Sri Lankan Breadfruit (Artocarpus altilis)
CAS#	Not available
Composition Comments	This product does not belong to any list of substances supposedly hazardous to human or animal health according to EU Regulation 1272/2008 & any further amendments, nor to those having recognized exposition limits. Care should be taken when handling hot oil as it may constitute a burn hazard. Spills can constitute a slippage hazard.

2. COMPANY INFORMATION

Name & Address	Celebration Holdings Private Limited 130/20 A, Fantasy Garden, Kahanthota Road, Malabe, 10115, Sri Lanka.
Emergency Contact	+94 011 24 12 521 / 0094 71980 3381
Contact Person	Suresh Jayasinghe – Director

3. HAZARDS IDENTIFICATION

Emergency Overview	Non-Hazardous Substance
Potential Health Effects	No any identified health effect by using acceptable quantities.
Routes of Entry	
Eyes	No
Skin	No
Inhalation	No
Ingestion	Yes

4. FIRST AID MEASURES

Eyes	Flush with plenty of water or eye wash solution for 15 minutes. Get medical attention if irritation persists.
Skin	Wash with soap and flush with plenty of water. No instruction as this is a non-toxic product

MSDS-MATERIAL SAFETY DATA SHEET

Inhalation	If symptomatic, move to fresh air. Get medical attention if symptoms persist. Not expected for this particular product, however always best avoiding proactive inhalation.
Ingestion	Contact physician if discomfort is encountered. Or if allergic reaction as occurred. No instruction as this is a non-toxic product
5. FIRE FIGHTING MEASURES	
Flash Point	Not determined
Flammable Properties	Non Flammable
Extinguishing Media	Form. Dry chemical powder. Carbon dioxide (CO2).
Special Fire Fighting Procedures	Standard. Wear self-contained breathing apparatus in confined spaces.
Hazardous Decomposition Materials	CO, CO2
6. ACCIDENTAL RELEASE MEASURES	
Personal Precautions	None Required
Environmental Precautions	None Required
Method for Cleaning Up	Contain spillage and sweep into a suitable container and dispose of as non hazardous waste.
7. HANDLING & STORAGE	
Handling	Handle in accordance with good hygiene and safety practice. Keep containers sealed when not in use. Prevent spills & leaks to avoid slip hazard. Always wear personal protective clothing (refer to section 8). Do not eat, drink, sniff or smoke whilst handling this product. Provide suitable mechanical equipment for the safe handling of drums & heavy packages.
Storage	Keep the product container tightly closed, in a dry, ventilated area (at temperatures <20°C). Keep away from potential sources of ignition and protected from light. Maintain limited contact with oxygen.
8. EXPOSURE CONTROL/PERSONAL PROTECTION	
Introductory Remarks	These recommendations provide general guidance for handling this product. Because specific work environments and material handling practices vary, safety procedures should be developed for each intended application. While developing safe handling procedures, don't overlook the need to clean equipment and piping systems for maintenance and repairs. Waste resulting from these procedures should be handled in accordance to the section entitled Disposal Considerations.

MSDS-MATERIAL SAFETY DATA SHEET

Exposures Guidelines	Engineering controls are usually not necessary if good hygiene practices are strictly followed. Respiratory protection is generally not required during normal operations. Wear the following to prevent skin contact: work pants, long sleeve work shirt, and work gloves. Where there is the danger of eye contact, wear splash proof goggles.
----------------------	--

Threshold Limit Value	There are no specific Threshold Planning Quantities for the components of this product.
-----------------------	---

9. PHYSICAL & CHEMICAL PROPERTIES

Physical State	Soft solid
Color	Off-white
Odor	Characteristic breadfruit
Melting Point	Not determined
Flash Point	Not determined
Water Solubility	Insoluble

10. STABILITY & REACTIVITY

Stability	Material is stable under normal conditions.
Condition to Avoid	Keep away from heat sources, open flames & sunlight
Materials to Avoid	Strong oxidizing agents.
Hazardous Decomposition	This product does not decompose under normal conditions. Under fire conditions the product will produce a mixture of irritating fumes & smoke.
Hazardous Polymerization	Will not occur

11. TOXIOLOGICAL INFORMATION

Acute Toxicity	A non-toxic product. For pharmaceutical & cosmetic use only. This product does not carry a microbiological specification as it is sterilized in the refining process. It does not contain any impurities. This product is not included in the list of substances prohibited in cosmetic products or subject to restrictions. It does not contain colorants, preservatives or UV filters (Annex II – VI of EU regulation 1223/2009).
Skin Irritation	In compliance with generally accepted uses & quantities are no negative impacts to be expected.
Eye damage or irritation	In compliance with generally accepted uses & quantities are no negative impacts to be expected.

MSDS-MATERIAL SAFETY DATA SHEET

Respiratory or skin sensitivity	In compliance with generally accepted uses & quantities are no negative impacts to be expected.
Germ cell mutagenicity	There is no any expected negative impact.
Carcinogenicity	There is no any expected negative impact.
Reproductive toxicity	There is no any expected negative impact.
STOT – single exposure	N/A
STOT – repeated exposure	N/A
Aspiration hazard	N/A
Other information	N/A

12. ECOLOGICAL INFORMATION

Toxicity	Low - None
Persistence & degradability	>90% (OECD)
Mobility in soil	Low - None
Bio- accumulative potential	None
Results of PBT & VPVB assessment	Not Available
Other adverse effects	None

13. DISPOSAL CONSIDERATIONS

Waste treatment methods	Always recover spilled product. Discard waste material with authorized waste management services. Act in accordance with local & national waste regulations.
-------------------------	--

14. TRANSPORT INFORMATION

DOT	Not regulated as dangerous goods
IATA	Not regulated as dangerous goods
IMDG	Not regulated as dangerous goods
TDG	Not regulated as dangerous goods

15. REGULATORY INFORMATION

United States TSCA	Yes, all ingredients are in the inventory
--------------------	---

16. ADDITIONAL INFORMATION

MSDS-MATERIAL SAFETY DATA SHEET

This information is provided for documentation purpose only. This product is not considered hazardous. The complete range of conditions or methods of use are beyond our control. Therefore, we do not assume any responsibility and expressly disclaim any liability for any use of this product. Information contained herein is believed to be true and accurate however; all statements or suggestions are made without warranty, expressed or implied, regarding accuracy of the information, the hazards connected with the use of the material or the results to be obtained from the use thereof. Compliance with all applicable federal, state, and local laws and local regulations remains the responsibility of the user. The safety sheet cannot cover all possible situations which the user may experience during processing. Each aspect of your operation should be examined to determine if, or where, additional precautions may be necessary. All health and safety information contained in this bulletin should be provided to your employees or customers.

Contact Person	Suresh Jayasinghe – Director

3. HAZARDS IDENTIFICATION

Emergency Overview	Non-Hazardous Substance
Potential Health Effects	No any identified health effect by using acceptable quantities.
Routes of Entry	
Eyes	Yes
Skin	No
Inhalation	No
Ingestion	Yes

4. FIRST AID MEASURES

Eyes	Flush with plenty of water or eye wash solution for 15 minutes. Get medical attention if irritation persists.
Skin	Wash with soap and flush with plenty of water. No instruction as this is a non-toxic product

MSDS-MATERIAL SAFETY DATA SHEET

Inhalation	If symptomatic, move to fresh air. Get medical attention if symptoms persist. Not expected for this particular product, however always best avoiding proactive inhalation.
Ingestion	Contact physician if discomfort is encountered. Or if allergic reaction as occurred. No instruction as this is a non-toxic product
5. FIRE FIGHTING MEASURES	
Flash Point	Not determined
Flammable Properties	Dry particles in the product, this product may only form ignitable mixtures or burn above the flash point. Dangerous combustion products include smoke & oxides of carbon.
Extinguishing Media	Form. Dry chemical powder. Carbon dioxide (CO ₂).
Special Fire Fighting Procedures	Standard. Wear self-contained breathing apparatus in confined spaces.
Hazardous Decomposition Materials	CO, CO ₂
6. ACCIDENTAL RELEASE MEASURES	
Personal Precautions	None Required
Environmental Precautions	None Required
Method for Cleaning Up	Avoid generating and accumulating dust. Collect in appropriate container for disposal.
7. HANDLING & STORAGE	
Handling	Handle in accordance with good hygiene and safety practice. Keep containers sealed when not in use. Prevent spills & leaks to avoid slip hazard. Always wear personal protective clothing (refer to section 8). Do not eat, drink, sniff or smoke whilst handling this product. Provide suitable mechanical equipment for the safe handling of drums & heavy packages.
Storage	Keep the product container tightly closed, in a dry, ventilated area (at temperatures <20°C). Keep away from potential sources of ignition and protected from light. Maintain limited contact with oxygen.
8. EXPOSURE CONTROL/PERSONAL PROTECTION	
Introductory Remarks	These recommendations provide general guidance for handling this product. Because specific work environments and material handling practices vary, safety procedures should be developed for each intended application. While developing safe handling procedures, don't overlook the need to clean equipment and piping systems for maintenance and repairs. Waste resulting from these procedures should be handled in accordance to the section entitled Disposal Considerations.

MSDS-MATERIAL SAFETY DATA SHEET

Exposures Guidelines	Engineering controls are usually not necessary if good hygiene practices are strictly followed. Respiratory protection is generally not required during normal operations. Wear the following to prevent skin contact: work pants, long sleeve work shirt, and work gloves. Where there is the danger of eye contact, wear splash proof goggles.

9. PHYSICAL & CHEMICAL PROPERTIES

Physical State	Powder
Color	Off-white to yellow
Odor	Characteristic jackfruit
Melting Point	Not determined
Flash Point	Not determined
Water Solubility	Soluble

10. STABILITY & REACTIVITY

Stability	Material is stable under normal conditions.
Condition to Avoid	Keep away from heat sources, open flames & sunlight
Materials to Avoid	Strong oxidizing agents.
Hazardous Decomposition	This product does not decompose under normal conditions. Under fire conditions the product will produce a mixture of irritating fumes & smoke.
Hazardous Polymerization	Will not occur

11. TOXIOLOGICAL INFORMATION

Acute Toxicity	A non-toxic product. For pharmaceutical & cosmetic use only. This product does not carry a microbiological specification as it is sterilized in the refining process. It does not contain any impurities. This product is not included in the list of substances prohibited in cosmetic products or subject to restrictions. It does not contain colorants, preservatives or UV filters (Annex II – VI of EU regulation 1223/2009).
Skin Irritation	In compliance with generally accepted uses & quantities are no negative impacts to be expected.
Eye damage or irritation	In compliance with generally accepted uses & quantities are no negative impacts to be expected.

MSDS-MATERIAL SAFETY DATA SHEET

Respiratory or skin sensitivity	In compliance with generally accepted uses & quantities are no negative impacts to be expected.
Germ cell mutagenicity	There is no any expected negative impact.
Carcinogenicity	There is no any expected negative impact.
Reproductive toxicity	There is no any expected negative impact.
STOT – single exposure	N/A
STOT – repeated exposure	N/A
Aspiration hazard	N/A
Other information	N/A

12. ECOLOGICAL INFORMATION

Toxicity	Low - None
Persistence & degradability	>90% (OECD)
Mobility in soil	Low - None
Bio- accumulative potential	None
Results of PBT & VPVB assessment	Not Available
Other adverse effects	None

13. DISPOSAL CONSIDERATIONS

Waste treatment methods	Always recover spilled product. Discard waste material with authorized waste management services. Act in accordance with local & national waste regulations.
-------------------------	--

14. TRANSPORT INFORMATION

DOT	Not regulated as dangerous goods
IATA	Not regulated as dangerous goods
IMDG	Not regulated as dangerous goods
TDG	Not regulated as dangerous goods

15. REGULATORY INFORMATION

United States TSCA	Yes, all ingredients are in the inventory
--------------------	---

16. ADDITIONAL INFORMATION

MSDS-MATERIAL SAFETY DATA SHEET

This information is provided for documentation purpose only. This product is not considered hazardous. The complete range of conditions or methods of use are beyond our control. Therefore, we do not assume any responsibility and expressly disclaim any liability for any use of this product. Information contained herein is believed to be true and accurate however; all statements or suggestions are made without warranty, expressed or implied, regarding accuracy of the information, the hazards connected with the use of the material or the results to be obtained from the use thereof. Compliance with all applicable federal, state, and local laws and local regulations remains the responsibility of the user. The safety sheet cannot cover all possible situations which the user may experience during processing. Each aspect of your operation should be examined to determine if, or where, additional precautions may be necessary. All health and safety information contained in this bulletin should be provided to your employees or customers.

MSDS-MATERIAL SAFETY DATA SHEET

Your trusted companion for a healthy life.

Product : Young Jackfruit in Brine

1. PRODUCT COMPOSITION INFORMATION

Material Name & Synonym(S)	Young Jackfruit in Brine
Product Use	Food product: used in-food applications, confectionary products.
Biological Source	Sri Lankan Jackfruit (Artocarpus heterophyllus)
CAS#	Not available
Composition Comments	This product does not belong to any list of substances supposedly hazardous to human or animal health according to EU Regulation 1272/2008 & any further amendments, nor to those having recognized exposition limits. Care should be taken when handling hot oil as it may constitute a burn hazard. Spills can constitute a slippage hazard.

2. COMPANY INFORMATION

Name & Address	Celebration Holdings Private Limited 130/20 A, Fantasy Garden, Kahanthota Road, Malabe, 10115, Sri Lanka.
Emergency Contact	+94 011 24 12 521 / 0094 71980 3381
Contact Person	Suresh Jayasinghe – Director

3. HAZARDS IDENTIFICATION

Emergency Overview	Non-Hazardous Substance
Potential Health Effects	No any identified health effect by using acceptable quantities.
Routes of Entry	
Eyes	No
Skin	No
Inhalation	No
Ingestion	Yes

4. FIRST AID MEASURES

Eyes	Flush with plenty of water or eye wash solution for 15 minutes. Get medical attention if irritation persists.
Skin	Wash with soap and flush with plenty of water. No instruction as this is a non-toxic product

MSDS-MATERIAL SAFETY DATA SHEET

Inhalation	If symptomatic, move to fresh air. Get medical attention if symptoms persist. Not expected for this particular product, however always best avoiding proactive inhalation.
Ingestion	Contact physician if discomfort is encountered. Or if allergic reaction as occurred. No instruction as this is a non-toxic product
5. FIRE FIGHTING MEASURES	
Flash Point	Not determined
Flammable Properties	Non Flammable
Extinguishing Media	Form. Dry chemical powder. Carbon dioxide (CO2).
Special Fire Fighting Procedures	Standard. Wear self-contained breathing apparatus in confined spaces.
Hazardous Decomposition Materials	CO, CO2
6. ACCIDENTAL RELEASE MEASURES	
Personal Precautions	None Required
Environmental Precautions	None Required
Method for Cleaning Up	Contain spillage and sweep into a suitable container and dispose of as non hazardous waste.
7. HANDLING & STORAGE	
Handling	Handle in accordance with good hygiene and safety practice. Keep containers sealed when not in use. Prevent spills & leaks to avoid slip hazard. Always wear personal protective clothing (refer to section 8). Do not eat, drink, sniff or smoke whilst handling this product. Provide suitable mechanical equipment for the safe handling of drums & heavy packages.
Storage	Keep the product container tightly closed, in a dry, ventilated area (at temperatures <20°C). Keep away from potential sources of ignition and protected from light. Maintain limited contact with oxygen.
8. EXPOSURE CONTROL/PERSONAL PROTECTION	
Introductory Remarks	These recommendations provide general guidance for handling this product. Because specific work environments and material handling practices vary, safety procedures should be developed for each intended application. While developing safe handling procedures, don't overlook the need to clean equipment and piping systems for maintenance and repairs. Waste resulting from these procedures should be handled in accordance to the section entitled Disposal Considerations.

MSDS-MATERIAL SAFETY DATA SHEET

Exposures Guidelines	Engineering controls are usually not necessary if good hygiene practices are strictly followed. Respiratory protection is generally not required during normal operations. Wear the following to prevent skin contact: work pants, long sleeve work shirt, and work gloves. Where there is the danger of eye contact, wear splash proof goggles.
----------------------	--

Threshold Limit Value	There are no specific Threshold Planning Quantities for the components of this product.
-----------------------	---

9. PHYSICAL & CHEMICAL PROPERTIES

Physical State	Soft solid
Color	Off-white to yellow
Odor	Characteristic jackfruit
Melting Point	Not determined
Flash Point	Not determined
Water Solubility	Insoluble

10. STABILITY & REACTIVITY

Stability	Material is stable under normal conditions.
Condition to Avoid	Keep away from heat sources, open flames & sunlight
Materials to Avoid	Strong oxidizing agents.
Hazardous Decomposition	This product does not decompose under normal conditions. Under fire conditions the product will produce a mixture of irritating fumes & smoke.
Hazardous Polymerization	Will not occur

11. TOXIOLOGICAL INFORMATION

Acute Toxicity	A non-toxic product. For pharmaceutical & cosmetic use only. This product does not carry a microbiological specification as it is sterilized in the refining process. Flash Point	Not determined
Flammable Properties	Non Flammable
Extinguishing Media	Form. Dry chemical powder. Carbon dioxide (CO2).
Special Fire Fighting Procedures	Standard. Wear self-contained breathing apparatus in confined spaces.
Hazardous Decomposition Materials	CO, CO2
6. ACCIDENTAL RELEASE MEASURES	
Personal Precautions	None Required
Environmental Precautions	None Required
Method for Cleaning Up	Contain spillage and sweep into a suitable container and dispose of as non hazardous waste.
7. HANDLING & STORAGE	
Handling	Handle in accordance with good hygiene and safety practice. Keep containers sealed when not in use. Prevent spills & leaks to avoid slip hazard. Always wear personal protective clothing (refer to section 8). Do not eat, drink, sniff or smoke whilst handling this product. Provide suitable mechanical equipment for the safe handling of drums & heavy packages.
Storage	Keep the product container tightly closed, in a dry, ventilated area (at temperatures <20°C). Keep away from potential sources of ignition and protected from light. Maintain limited contact with oxygen.
8. EXPOSURE CONTROL/PERSONAL PROTECTION	
Introductory Remarks	These recommendations provide general guidance for handling this product. Because specific work environments and material handling practices vary, safety procedures should be developed for each intended application. While developing safe handling procedures, don't overlook the need to clean equipment and piping systems for maintenance and repairs. Waste resulting from these procedures should be handled in accordance to the section entitled Disposal Considerations.

MSDS-MATERIAL SAFETY DATA SHEET

Exposures Guidelines	Engineering controls are usually not necessary if good hygiene practices are strictly followed. Respiratory protection is generally not required during normal operations. Wear the following to prevent skin contact: work pants, long sleeve work shirt, and work gloves. Where there is the danger of eye contact, wear splash proof goggles.
Threshold Limit Value	There are no specific Threshold Planning Quantities for the components of this product.
9. PHYSICAL & CHEMICAL PROPERTIES	
Physical State	Soft solid
Color	Orange
Odor	Characteristic papaya
Melting Point	Not determined
Flash Point	Not determined
Water Solubility	Insoluble
10. STABILITY & REACTIVITY	
Stability	Material is stable under normal conditions.
Condition to Avoid	Keep away from heat sources, open flames & sunlight
Materials to Avoid	Strong oxidizing agents.
Hazardous Decomposition	This product does not decompose under normal conditions. Under fire conditions the product will produce a mixture of irritating fumes & smoke.
Hazardous Polymerization	Will not occur
11. TOXIOLOGICAL INFORMATION	
Acute Toxicity	A non-toxic product. For pharmaceutical & cosmetic use only. This product does not carry a microbiological specification as it is sterilized in the refining process. It does not contain any impurities. This product is not included in the list of substances prohibited in cosmetic products or subject to restrictions. It does not contain colorants, preservatives or UV filters (Annex II – VI of EU regulation 1223/2009).
Skin Irritation	In compliance with generally accepted uses & quantities are no negative impacts to be expected.
Eye damage or irritation	In compliance with generally accepted uses & quantities are no negative impacts to be expected.

MSDS-MATERIAL SAFETY DATA SHEET

Respiratory or skin sensitivity	In compliance with generally accepted uses & quantities are no negative impacts to be expected.
Germ cell mutagenicity	There is no any expected negative impact.
Carcinogenicity	There is no any expected negative impact.
Reproductive toxicity	There is no any expected negative impact.
STOT – single exposure	N/A
STOT – repeated exposure	N/A
Aspiration hazard	N/A
Other information	N/A

12. ECOLOGICAL INFORMATION

Toxicity	Low - None
Persistence & degradability	>90% (OECD)
Mobility in soil	Low - None
Bio- accumulative potential	None
Results of PBT & VPVB assessment	Not Available
Other adverse effects	None

13. DISPOSAL CONSIDERATIONS

Waste treatment methods	Always recover spilled product. Discard waste material with authorized waste management services. Act in accordance with local & national waste regulations.
-------------------------	--

14. TRANSPORT INFORMATION

DOT	Not regulated as dangerous goods
IATA	Not regulated as dangerous goods
IMDG	Not regulated as dangerous goods
TDG	Not regulated as dangerous goods

15. REGULATORY INFORMATION

United States TSCA	Yes, all ingredients are in the inventory
--------------------	---

16. ADDITIONAL INFORMATION

MSDS-MATERIAL SAFETY DATA SHEET

This information is provided for documentation purpose only. This product is not considered hazardous. The complete range of conditions or methods of use are beyond our control. Therefore, we do not assume any responsibility and expressly disclaim any liability for any use of this product. Information contained herein is believed to be true and accurate however; all statements or suggestions are made without warranty, expressed or implied, regarding accuracy of the information, the hazards connected with the use of the material or the results to be obtained from the use thereof. Compliance with all applicable federal, state, and local laws and local regulations remains the responsibility of the user. The safety sheet cannot cover all possible situations which the user may experience during processing. Each aspect of your operation should be examined to determine if, or where, additional precautions may be necessary. All health and safety information contained in this bulletin should be provided to your employees or customers.

MSDS-MATERIAL SAFETY DATA SHEET

Your trusted companion for a healthy life.

Product : Papaya Cuts (Dehydrated)

1. PRODUCT COMPOSITION INFORMATION

Material Name & Synonym(S)	Papaya Cuts (Dehydrated)
Product Use	Food product: used in-food applications, confectionary products.
Biological Source	Sri Lankan Papaya (Carica papaya)
CAS#	Not available
Composition Comments	This product does not belong to any list of substances supposedly hazardous to human or animal health according to EU Regulation 1272/2008 & any further amendments, nor to those having recognized exposition limits. Care should be taken when handling hot oil as it may constitute a burn hazard. Spills can constitute a slippage hazard.

2. COMPANY INFORMATION

Name & Address	Celebration Holdings Private Limited 130/20 A, Fantasy Garden, Kahanthota Road, Malabe, 10115, Sri Lanka.
Emergency Contact	+94 011 24 12 521 / 0094 71980 3381
Contact Person	Suresh Jayasinghe – Director

3. HAZARDS IDENTIFICATION

Emergency Overview	Non-Hazardous Substance
Potential Health Effects	No any identified health effect by using acceptable quantities.
Routes of Entry	
Eyes	No
Skin	No
Inhalation	No
Ingestion	Yes

4. FIRST AID MEASURES

Eyes	Flush with plenty of water or eye wash solution for 15 minutes. Get medical attention if irritation persists.
Skin	Wash with soap and flush with plenty of water. No instruction as this is a non-toxic product

MSDS-MATERIAL SAFETY DATA SHEET

Inhalation	If symptomatic, move to fresh air. Get medical attention if symptoms persist. Not expected for this particular product, however always best avoiding proactive inhalation.
Ingestion	Contact physician if discomfort is encountered. Or if allergic reaction as occurred. No instruction as this is a non-toxic product
5. FIRE FIGHTING MEASURES	
Flash Point	Not determined
Flammable Properties	Non Flammable
Extinguishing Media	Form. Dry chemical powder. Carbon dioxide (CO2).
Special Fire Fighting Procedures	Standard. Wear self-contained breathing apparatus in confined spaces.
Hazardous Decomposition Materials	CO, CO2
6. ACCIDENTAL RELEASE MEASURES	
Personal Precautions	None Required
Environmental Precautions	None Required
Method for Cleaning Up	Contain spillage and sweep into a suitable container and dispose of as non hazardous waste.
7. HANDLING & STORAGE

MSDS-MATERIAL SAFETY DATA SHEET

Your trusted companion for a healthy life.

Product : Pineapple in juice

1. PRODUCT COMPOSITION INFORMATION

Material Name & Synonym(S)	Pineapple in juice
Product Use	Food product: used in-food applications, confectionary products.
Biological Source	Sri Lankan Pineapple (Ananas comosus)
CAS#	Not available
Composition Comments	This product does not belong to any list of substances supposedly hazardous to human or animal health according to EU Regulation 1272/2008 & any further amendments, nor to those having recognized exposition limits. Care should be taken when handling hot oil as it may constitute a burn hazard. Spills can constitute a slippage hazard.

2. COMPANY INFORMATION

Name & Address	Celebration Holdings Private Limited 130/20 A, Fantasy Garden, Kahanthota Road, Malabe, 10115, Sri Lanka.
Emergency Contact	+94 011 24 12 521 / 0094 71980 3381
Contact Person	Suresh Jayasinghe – Director

3. HAZARDS IDENTIFICATION

Emergency Overview	Non-Hazardous Substance
Potential Health Effects	No any identified health effect by using acceptable quantities.
Routes of Entry	
Eyes	No
Skin	No
Inhalation	No
Ingestion	Yes

4. FIRST AID MEASURES

Eyes	Flush with plenty of water or eye wash solution for 15 minutes. Get medical attention if irritation persists.
Skin	Wash with soap and flush with plenty of water. No instruction as this is a non-toxic product

MSDS-MATERIAL SAFETY DATA SHEET

Inhalation	If symptomatic, move to fresh air. Get medical attention if symptoms persist. Not expected for this particular product, however always best avoiding proactive inhalation.
Ingestion	Contact physician if discomfort is encountered. Or if allergic reaction as occurred. No instruction as this is a non-toxic product
5. FIRE FIGHTING MEASURES	
Flash Point	Not determined
Flammable Properties	Non Flammable
Extinguishing Media	Form. Dry chemical powder. Carbon dioxide (CO2).
Special Fire Fighting Procedures	Standard. Wear self-contained breathing apparatus in confined spaces.
Hazardous Decomposition Materials	CO, CO2
6. ACCIDENTAL RELEASE MEASURES	
Personal Precautions	None Required
Environmental Precautions	None Required
Method for Cleaning Up	Contain spillage and sweep into a suitable container and dispose of as non hazardous waste.
7. HANDLING & STORAGE	
Handling	Handle in accordance with good hygiene and safety practice. Keep containers sealed when not in use. Prevent spills & leaks to avoid slip hazard. Always wear personal protective clothing (refer to section 8). Do not eat, drink, sniff or smoke whilst handling this product. Provide suitable mechanical equipment for the safe handling of drums & heavy packages.
Storage	Keep the product container tightly closed, in a dry, ventilated area (at temperatures <20°C). Keep away from potential sources of ignition and protected from light. Maintain limited contact with oxygen.
8. EXPOSURE CONTROL/PERSONAL PROTECTION	
Introductory Remarks	These recommendations provide general guidance for handling this product. Because specific work environments and material handling practices vary, safety procedures should be developed for each intended application. While developing safe handling procedures, don't overlook the need to clean equipment and piping systems for maintenance and repairs. Waste resulting from these procedures should be handled in accordance to the section entitled Disposal Considerations.

MSDS-MATERIAL SAFETY DATA SHEET

Exposures Guidelines	Engineering controls are usually not necessary if good hygiene practices are strictly followed. Respiratory protection is generally not required during normal operations. Wear the following to prevent skin contact: work pants, long sleeve work shirt, and work gloves. Where there is the danger of eye contact, wear splash proof goggles.
----------------------	--

Threshold Limit Value	There are no specific Threshold Planning Quantities for the components of this product.
-----------------------	---

9. PHYSICAL & CHEMICAL PROPERTIES

Physical State	Soft solid
Color	Yellow
Odor	Characteristic pineapple
Melting Point	Not determined
Flash Point	Not determined
Water Solubility	Insoluble

10. STABILITY & REACTIVITY

Stability	Material is stable under normal conditions.
Condition to Avoid	Keep away from heat sources, open flames & sunlight
Materials to Avoid	Strong oxidizing agents.
Hazardous Decomposition	This product does not decompose under normal conditions. Under fire conditions the product will produce a mixture of irritating fumes & smoke.
Hazardous Polymerization	Will not occur

11. TOXIOLOGICAL INFORMATION

Acute Toxicity	A non-toxic product. For pharmaceutical & cosmetic use only. This product does not carry a microbiological specification as it is sterilized in the refining process. It does not contain any impurities. This product is not included in the list of substances prohibited in cosmetic products or subject to restrictions. It does not contain colorants, preservatives or UV filters (Annex II – VI of EU regulation 1223/2009).
Skin Irritation	In compliance with generally accepted uses & quantities are no negative impacts to be expected.
Eye damage or irritation	In compliance with generally accepted uses & quantities are no negative impacts to be expected.

MSDS-MATERIAL SAFETY DATA SHEET

Respiratory or skin sensitivity	In compliance with generally accepted uses & quantities are no negative impacts to be expected.
Germ cell mutagenicity	There is no any expected negative impact.
Carcinogenicity	There is no any expected negative impact.
Reproductive toxicity	There is no any expected negative impact.
STOT – single exposure	N/A
STOT – repeated exposure	N/A
Aspiration hazard	N/A
Other information	N/A

12. ECOLOGICAL INFORMATION

Toxicity	Low - None
Persistence & degradability	>90% (OECD)
Mobility in soil	Low - None
Bio- accumulative potential	None
Results of PBT & VPVB assessment	Not Available
Other adverse effects	None

13. DISPOSAL CONSIDERATIONS

Waste treatment methods	Always recover spilled product. Discard waste material with authorized waste management services. Act in accordance with local & national waste regulations.
-------------------------	--

14. TRANSPORT INFORMATION

DOT	Not regulated as dangerous goods
IATA	Not regulated as dangerous goods
IMDG	Not regulated as dangerous goods
TDG	Not regulated as dangerous goods

15. REGULATORY INFORMATION

United States TSCA	Yes, all ingredients are in the inventory
--------------------	---

16. ADDITIONAL INFORMATION

MSDS-MATERIAL SAFETY DATA SHEET

This information is provided for documentation purpose only. This product is not considered hazardous. The complete range of conditions or methods of use are beyond our control. Therefore, we do not assume any responsibility and expressly disclaim any liability for any use of this product. Information contained herein is believed to be true and accurate however; all statements or suggestions are made without warranty, expressed or implied, regarding accuracy of the information, the hazards connected with the use of the material or the results to be obtained from the use thereof. Compliance with all applicable federal, state, and local laws and local regulations remains the responsibility of the user. The safety sheet cannot cover all possible situations which the user may experience during processing. Each aspect of your operation should be examined to determine if, or where, additional precautions may be necessary. All health and safety information contained in this bulletin should be provided to your employees or customers.

3. HAZARDS IDENTIFICATION

Emergency Overview	Non-Hazardous Substance
Potential Health Effects	No any identified health effect by using acceptable quantities.
Routes of Entry	
Eyes	Yes
Skin	Yes
Inhalation	No
Ingestion	Yes

4. FIRST AID MEASURES

Eyes	Flush with plenty of water or eye wash solution for 15 minutes. Get medical attention if irritation persists.
Skin	Wash with soap and flush with plenty of water. No instruction as this is a non-toxic product

MSDS-MATERIAL SAFETY DATA SHEET

Inhalation	If symptomatic, move to fresh air. Get medical attention if symptoms persist. Not expected for this particular product, however always best avoiding proactive inhalation.
Ingestion	Contact physician if discomfort is encountered. Or if allergic reaction as occurred. No instruction as this is a non-toxic product
5. FIRE FIGHTING MEASURES	
Flash Point	56 0C
Flammable Properties	Oil content in the product, this product may only form ignitable mixtures or burn above the flash point. Dangerous combustion products include smoke & oxides of carbon.
Extinguishing Media	Form. Dry chemical powder. Carbon dioxide (CO2).
Special Fire Fighting Procedures	Standard. Wear self-contained breathing apparatus in confined spaces.
Hazardous Decomposition Materials	CO, CO2
6. ACCIDENTAL RELEASE MEASURES	
Personal Precautions	None Required
Environmental Precautions	None Required
Method for Cleaning Up	Absorb on to an inert, absorbent substrate and sweep up. Wash area with soap & water.
7. HANDLING & STORAGE	
Handling	Handle in accordance with good hygiene and safety practice. Keep containers sealed when not in use. Prevent spills & leaks to avoid slip hazard. Always wear personal protective clothing (refer to section 8). Do not eat, drink, sniff or smoke whilst handling this product. 10. STABILITY & REACTIVITY

Stability	Material is stable under normal conditions.
Condition to Avoid	Avoid exposure to air. Keep away from heat sources, open flames & sunlight
Materials to Avoid	Strong oxidizing agents, Acids and Polytheen.
Hazardous Decomposition	This product does not decompose under normal conditions. Under fire conditions the product will produce a mixture of irritating fumes & smoke.
Hazardous Polymerization	Will not occur

11. TOXIOLOGICAL INFORMATION

Acute Toxicity	A non-toxic product. For pharmaceutical & cosmetic use only. This product does not carry a microbiological specification as it is sterilized in the refining process. It does not contain any impurities. This product is not included in the list of substances prohibited in cosmetic products or subject to restrictions. It does not contain colorants, preservatives or UV filters (Annex II – VI of EU regulation 1223/2009).
Skin Irritation	In compliance with generally accepted uses & quantities are no negative impacts to be expected.
Eye damage or irritation	In compliance with generally accepted uses & quantities are no negative impacts to be expected.

MSDS-MATERIAL SAFETY DATA SHEET

Respiratory or skin sensitivity	In compliance with generally accepted uses & quantities are no negative impacts to be expected.
Germ cell mutagenicity	There is no any expected negative impact.
Carcinogenicity	There is no any expected negative impact.
Reproductive toxicity	There is no any expected negative impact.
STOT – single exposure	N/A
STOT – repeated exposure	N/A
Aspiration hazard	N/A
Other information	N/A

12. ECOLOGICAL INFORMATION

Toxicity	Low - None
Persistence & degradability	>90% (OECD)
Mobility in soil	Low - None
Bio- accumulative potential	None
Results of PBT & VPVB assessment	Not Available
Other adverse effects	None

13. DISPOSAL CONSIDERATIONS

Waste treatment methods	Always recover spilled product. Discard waste material with authorized waste management services. Act in accordance with local & national waste regulations.
-------------------------	--

14. TRANSPORT INFORMATION

DOT	Not regulated as dangerous goods
IATA	Not regulated as dangerous goods
IMDG	Not regulated as dangerous goods
TDG	Not regulated as dangerous goods

15. REGULATORY INFORMATION

United States TSCA	Yes, all ingredients are in the inventory
--------------------	---

16. ADDITIONAL INFORMATION

MSDS-MATERIAL SAFETY DATA SHEET

This information is provided for documentation purpose only. This product is not considered hazardous. The complete range of conditions or methods of use are beyond our control. Therefore, we do not assume any responsibility and expressly disclaim any liability for any use of this product. Information contained herein is believed to be true and accurate however; all statements or suggestions are made without warranty, expressed or implied, regarding accuracy of the information, the hazards connected with the use of the material or the results to be obtained from the use thereof. Compliance with all applicable federal, state, and local laws and local regulations remains the responsibility of the user. The safety sheet cannot cover all possible situations which the user may experience during processing. Each aspect of your operation should be examined to determine if, or where, additional precautions may be necessary. All health and safety information contained in this bulletin should be provided to your employees or customers.

MSDS-MATERIAL SAFETY DATA SHEET

Your trusted companion for a healthy life.

Product : Ginger oil

1. PRODUCT COMPOSITION INFORMATION

Material Name & Synonym(S)	Ginger oil
Product Use	Used in cosmetics and aromatherapy.
Biological Source	Sri Lankan Ginger (Zingiber officinale)
CAS#	8007-08-7
Composition Comments	This product does not belong to any list of substances supposedly hazardous to human or animal health according to EU Regulation 1272/2008 & any further amendments, nor to those having recognized exposition limits. Care should be taken when handling hot oil as it may constitute a burn hazard. Spills can constitute a slippage hazard.

2. COMPANY INFORMATION

Name & Address	Celebration Holdings Private Limited 130/20 A, Fantasy Garden, Kahanthota Road, Malabe, 10115, Sri Lanka.
Emergency Contact	+94 011 24 12 521 / 0094 71980 3381
Contact Person	Suresh Jayasinghe - Director

3. HAZARDS IDENTIFICATION

Emergency Overview	Non-Hazardous Substance
Potential Health Effects	No any identified health effect by using acceptable quantities.
Routes of Entry	
Eyes	Yes
Skin	Yes
Inhalation	No
Ingestion	Yes

4. FIRST AID MEASURES

Eyes	Flush with plenty of water or eye wash solution for 15 minutes. Get medical attention if irritation persists.
Skin	Wash with soap and flush with plenty of water. No instruction as this is a non-toxic product

MSDS-MATERIAL SAFETY DATA SHEET

Inhalation	If symptomatic, move to fresh air. Get medical attention if symptoms persist. Not expected for this particular product, however always best avoiding proactive inhalation.
Ingestion	Contact physician if discomfort is encountered. Or if allergic reaction as occurred. No instruction as this is a non-toxic product
5. FIRE FIGHTING MEASURES	
Flash Point	295 0C
Flammable Properties	Oil content in the product, this product may only form ignitable mixtures or burn above the flash point. Dangerous combustion products include smoke & oxides of carbon.
Extinguishing Media	Form. Dry chemical powder. Carbon dioxide (CO2).
Special Fire Fighting Procedures	Standard. Wear self-contained breathing apparatus in confined spaces.
Hazardous Decomposition Materials	CO, CO2
6. ACCIDENTAL RELEASE MEASURES	
Personal Precautions	None Required
Environmental Precautions	None Required
Method for Cleaning Up	Absorb on to an inert, absorbent substrate and sweep up. Wash area with soap & water.
7. HANDLING & STORAGE	
Handling	Handle in accordance with good hygiene and safety practice. Keep containers sealed when not in use. Prevent spills & leaks to avoid slip hazard. Always wear personal protective clothing (refer to section 8). Do not eat, drink, sniff or smoke whilst handling this product. Provide suitable mechanical equipment for the safe handling of drums & heavy packages.
Storage	Keep the product container tightly closed, in a dry, ventilated area (at temperatures <20°C). Keep away from potential sources of ignition and protected from light. Maintain limited contact with oxygen.
8. EXPOSURE CONTROL/PERSONAL PROTECTION	
Introductory Remarks	These recommendations provide general guidance for handling this product. Because specific work environments and material handling practices vary, safety procedures should be developed for each intended application. While developing safe handling procedures, don't overlook the need to clean equipment and piping systems for maintenance and repairs. Waste resulting from these procedures should be handled in accordance to the section entitled Disposal Considerations.

MSDS-MATERIAL SAFETY DATA SHEET

Exposures Guidelines	Engineering controls are usually not necessary if good hygiene practices are strictly followed. Respiratory protection is generally not required during normal operations. Wear the following to prevent skin contact: work pants, long sleeve work shirt, and work gloves. Where there is the danger of eye contact, wear splash proof goggles.
----------------------	--

Threshold Limit Value	There are no specific Threshold Planning Quantities for the components of this product.
-----------------------	---

9. PHYSICAL & CHEMICAL PROPERTIES

Physical State	Liquid
Color	Pale yellow
Odor	Characteristic ginger
Melting Point	Not determined
Flash Point	64 0C
Water Solubility	Insoluble

10. STABILITY & REACTIVITY

Stability	Material is stable under normal conditions.
Condition to Avoid	Avoid exposure to air. Keep away from heat sources, open flames & sunlight
Materials to Avoid	Strong oxidizing agents, Acids and Polytheen.
Hazardous Decomposition	This product does not decompose under normal conditions. Under fire conditions the product will produce a mixture of irritating fumes & smoke.
Hazardous Polymerization	Will not occur

11. TOXIOLOGICAL INFORMATION

Name & Address	Celebration Holdings Private Limited 130/20 A, Fantasy Garden, Kahanthota Road, Malabe, 10115, Sri Lanka.
Emergency Contact	+94 011 24 12 521 / 0094 71980 3381
Contact Person	Suresh Jayasinghe - Director

3. HAZARDS IDENTIFICATION

Emergency Overview	Non-Hazardous Substance
Potential Health Effects	No any identified health effect by using acceptable quantities.
Routes of Entry	
Eyes	Yes
Skin	Yes
Inhalation	No
Ingestion	Yes

4. FIRST AID MEASURES

Eyes	Flush with plenty of water or eye wash solution for 15 minutes. Get medical attention if irritation persists.
Skin	Wash with soap and flush with plenty of water. No instruction as this is a non-toxic product

MSDS-MATERIAL SAFETY DATA SHEET

Inhalation	If symptomatic, move to fresh air. Get medical attention if symptoms persist. Not expected for this particular product, however always best avoiding proactive inhalation.
Ingestion	Contact physician if discomfort is encountered. Or if allergic reaction as occurred. No instruction as this is a non-toxic product
5. FIRE FIGHTING MEASURES	
Flash Point	295 0C
Flammable Properties	Oil content in the product, this product may only form ignitable mixtures or burn above the flash point. Dangerous combustion products include smoke & oxides of carbon.
Extinguishing Media	Form. Dry chemical powder. Carbon dioxide (CO2).
Special Fire Fighting Procedures	Standard. Wear self-contained breathing apparatus in confined spaces.
Hazardous Decomposition Materials	CO, CO2
6. ACCIDENTAL RELEASE MEASURES	
Personal Precautions	None Required
Environmental Precautions	None Required
Method for Cleaning Up	Absorb on to an inert, absorbent substrate and sweep up. Wash area with soap & water.
7. HANDLING & STORAGE	
Handling	Handle in accordance with good hygiene and safety practice. Keep containers sealed when not in use. Prevent spills & leaks to avoid slip hazard. Always wear personal protective clothing (refer to section 8). Do not eat, drink, sniff or smoke whilst handling this product. Provide suitable mechanical equipment for the safe handling of drums & heavy packages.
Storage	Keep the product container tightly closed, in a dry, ventilated area (at temperatures <20°C). Keep away from potential sources of ignition and protected from light. Maintain limited contact with oxygen.
8. EXPOSURE CONTROL/PERSONAL PROTECTION	
Introductory Remarks	These recommendations provide general guidance for handling this product. Because specific work environments and material handling practices vary, safety procedures should be developed for each intended application. While developing safe handling procedures, don't overlook the need to clean equipment and piping systems for maintenance and repairs. Waste resulting from these procedures should be handled in accordance to the section entitled Disposal Considerations.

MSDS-MATERIAL SAFETY DATA SHEET

Exposures Guidelines	Engineering controls are usually not necessary if good hygiene practices are strictly followed. Respiratory protection is generally not required during normal operations. Wear the following to prevent skin contact: work pants, long sleeve work shirt, and work gloves. Where there is the danger of eye contact, wear splash proof goggles.
----------------------	--

Threshold Limit Value	There are no specific Threshold Planning Quantities for the components of this product.
-----------------------	---

9. PHYSICAL & CHEMICAL PROPERTIES

Physical State	Liquid
Color	Pale yellow
Odor	Characteristic nutmeg
Melting Point	Not determined
Flash Point	42 0C
Water Solubility	Insoluble

10. STABILITY & REACTIVITY

Stability	Material is stable under normal conditions.
Condition to Avoid	Avoid exposure to air. Keep away from heat sources, open flames & sunlight
Materials to Avoid	Strong oxidizing agents, Acids and Polytheen.
Hazardous Decomposition	This product does not decompose under normal conditions. Under fire conditions the product will produce a mixture of irritating fumes & smoke.
Hazardous Polymerization	Will not occur

11. TOXIOLOGICAL INFORMATION

Acute Toxicity	A non-toxic product. For pharmaceutical & cosmetic use only. This product does not carry a microbiological specification as it is sterilized in the refining process. It does not contain any impurities. This product is not included in the list of substances prohibited in cosmetic products or subject to restrictions. It does not contain colorants, preservatives or UV filters (Annex II – VI of EU regulation 1223/2009).
Skin Irritation	In compliance with generally accepted uses & quantities are no negative impacts to be expected.
Eye damage or irritation	In compliance with generally accepted uses & quantities are no negative impacts to be expected.

MSDS-MATERIAL SAFETY DATA SHEET

Respiratory or skin sensitivity	In compliance with generally accepted uses & quantities are no negative impacts to be expected.
Germ cell mutagenicity	There is no any expected negative impact.
Carcinogenicity	There is no any expected negative impact.
Reproductive toxicity	There is no any expected negative impact.
STOT – single exposure	N/A
STOT – repeated exposure	N/A
Aspiration hazard	N/A
Other information	N/A

12. ECOLOGICAL INFORMATION

Toxicity	Low - None
Persistence & degradability	>90% (OECD)
Mobility in soil	Low - None
Bio- accumulative potential	None
Results of PBT & VPVB assessment	Not Available
Other adverse effects	None

13. DISPOSAL CONSIDERATIONS

Waste treatment methods	Always recover spilled product. Discard waste material with authorized waste management services. Act in accordance with local & national waste regulations.
-------------------------	--

14. TRANSPORT INFORMATION

DOT	Not regulated as dangerous goods
IATA	Not regulated as dangerous goods
IMDG	Not regulated as dangerous goods
TDG	Not regulated as dangerous goods

15. REGULATORY INFORMATION

United States TSCA	Yes, all ingredients are in the inventory
--------------------	---

16. ADDITIONAL INFORMATION

MSDS-MATERIAL SAFETY DATA SHEET

This information is provided for documentation purpose only. This product is not considered hazardous. The complete range of conditions or methods of use are beyond our control. Therefore, we do not assume any responsibility and expressly disclaim any liability for any use of this product. Information contained herein is believed to be true and accurate however; all statements or suggestions are made without warranty, expressed or implied, regarding accuracy of the information, the hazards connected with the use of the material or the results to be obtained from the use thereof. Compliance with all applicable federal, state, and local laws and local regulations remains the responsibility of the user. The safety sheet cannot cover all possible situations which the user may experience during processing. Each aspect of your operation should be examined to determine if, or where, additional precautions may be necessary. All health and safety information contained in this bulletin should be provided to your employees or customers.

MSDS-MATERIAL SAFETY DATA SHEET

Your trusted companion for a healthy life.

Product : Pepper oil

1. PRODUCT COMPOSITION INFORMATION

Material Name & Synonym(S)	Pepper oil
Product Use	Used in cosmetics and aromatherapy.
Biological Source	Sri Lankan Pepper (Piper nigrum)
CAS#	8006-82-4
Composition Comments	This product does not belong to any list of substances supposedly hazardous to human or animal health according to EU Regulation 1272/2008 & any further amendments, nor to those having recognized exposition limits. Care should be taken when handling hot oil as it may constitute a burn hazard. Spills can constitute a slippage hazard.

2. COMPANY INFORMATION

Name & Address	Celebration Holdings Private Limited 130/20 A, Fantasy Garden, Kahanthota Road, Malabe, 10115, Sri Lanka.
